Docklands

"DOCKLANDS" pays homage to the renaissance of urban harbor districts, once home to industry. Inspired by the successful redevelopment of docks world-wide, our collection celebrates the transformation of industrial wastelands into vibrant, modern areas that blend living, working, and leisure. The name says it all: The capsule is influenced by London's Docklands, which have undergone a remarkable metamorphosis since the 1980s. Once a bustling harbor district, London's Docklands are now home to impressive skyscrapers, elegant apartments, and business streets. Canary Wharf, with its towering office buildings and waterfront restaurants, symbolizes the successful transformation of the area into a thriving financial center.

More than just a tribute to the industrial past, "DOCKLANDS" embodies the potential of urban redevelopment. Thoughtfully executed, these renovation projects can transform cityscapes and lay the foundation for vibrant, sustainable, and inclusive communities along the waterfront. Our collection reflects these values: high-quality materials, modern design, and a palette of colors and patterns capture the energy and diversity of the new harbor districts. From urban essentials for the office to casual weekend looks by the water, "DOCKLANDS" honors the power of change and the beauty of the new.

Collection highlights include the "Sweatshirt Capsules": various models from crewneck to Troyer to hoodie jacket with subtle logo stitching available in a wide range of colors. Highlight: the ICONIC Hoodie with a 3D chest logo in XL format. Modern silhouettes and maximum comfort are designed for the urban lifestyle. Additionally, "Aircotton" impresses with a super soft feel, three-dimensional knit, and a broad color range in spring-summer shades. Both the sweatshirt and Aircotton series use Cotton made in Africa, making them more than just visual statements. "Superfine" offers matching shirts distinguished by refined textures and timeless elegance, while "Melange Jersey Shirts" complete the range with sophisticated-casual looks for every occasion.

STORIES LIVE TO BE TOLD.

SUNDAY MORNING STROLLS

Sunday morning strolls, bathed in sunlight, are a cherished ritual. The world slows down, and golden rays highlight nature's simple beauty. Fresh air scented with blooming flowers and the soft rustling of leaves create a serene symphony. It's a time for quiet reflection, where weekly stresses dissolve in the sun's warmth. Each step is a gentle reminder of life's pleasures, as sunlight dances through the trees, casting playful shadows on the path ahead.

LAYERS OF LIFE

As the day progresses, the temperature rises, bringing with it the vitalising promise of spring. Each hour unfolds like a new chapter, the sun climbing higher and warming the earth beneath our feet. The chill of morning gives way to the gentle embrace of midday warmth, encouraging nature to awaken and blossom. This gradual shift mirrors our own journey of growth and renewal, reminding us that with each passing moment, we too are capable of blooming into our fullest potential.

THE PLACE WHERE OUR COLLECTION COMES TO LIFE

Aigues-Mortes, a picturesque town in southern France, provided the perfect backdrop for our spring/summer campaign Shooting. Enclosed by ancient walls and rich in medieval charm, its scenic beauty and historic ambiance captured the essence of our designs, adding a timeless elegance to every shot.

FINDING INSPIRATION

Inspiration comes in many ways. It whispers through the stories we share, the knowledge we seek, and the moments of reflection that shape our journey. In every experience, connection, and discovery, we find pathways to ignite our passions and illuminate our dreams.

Coastal Escape

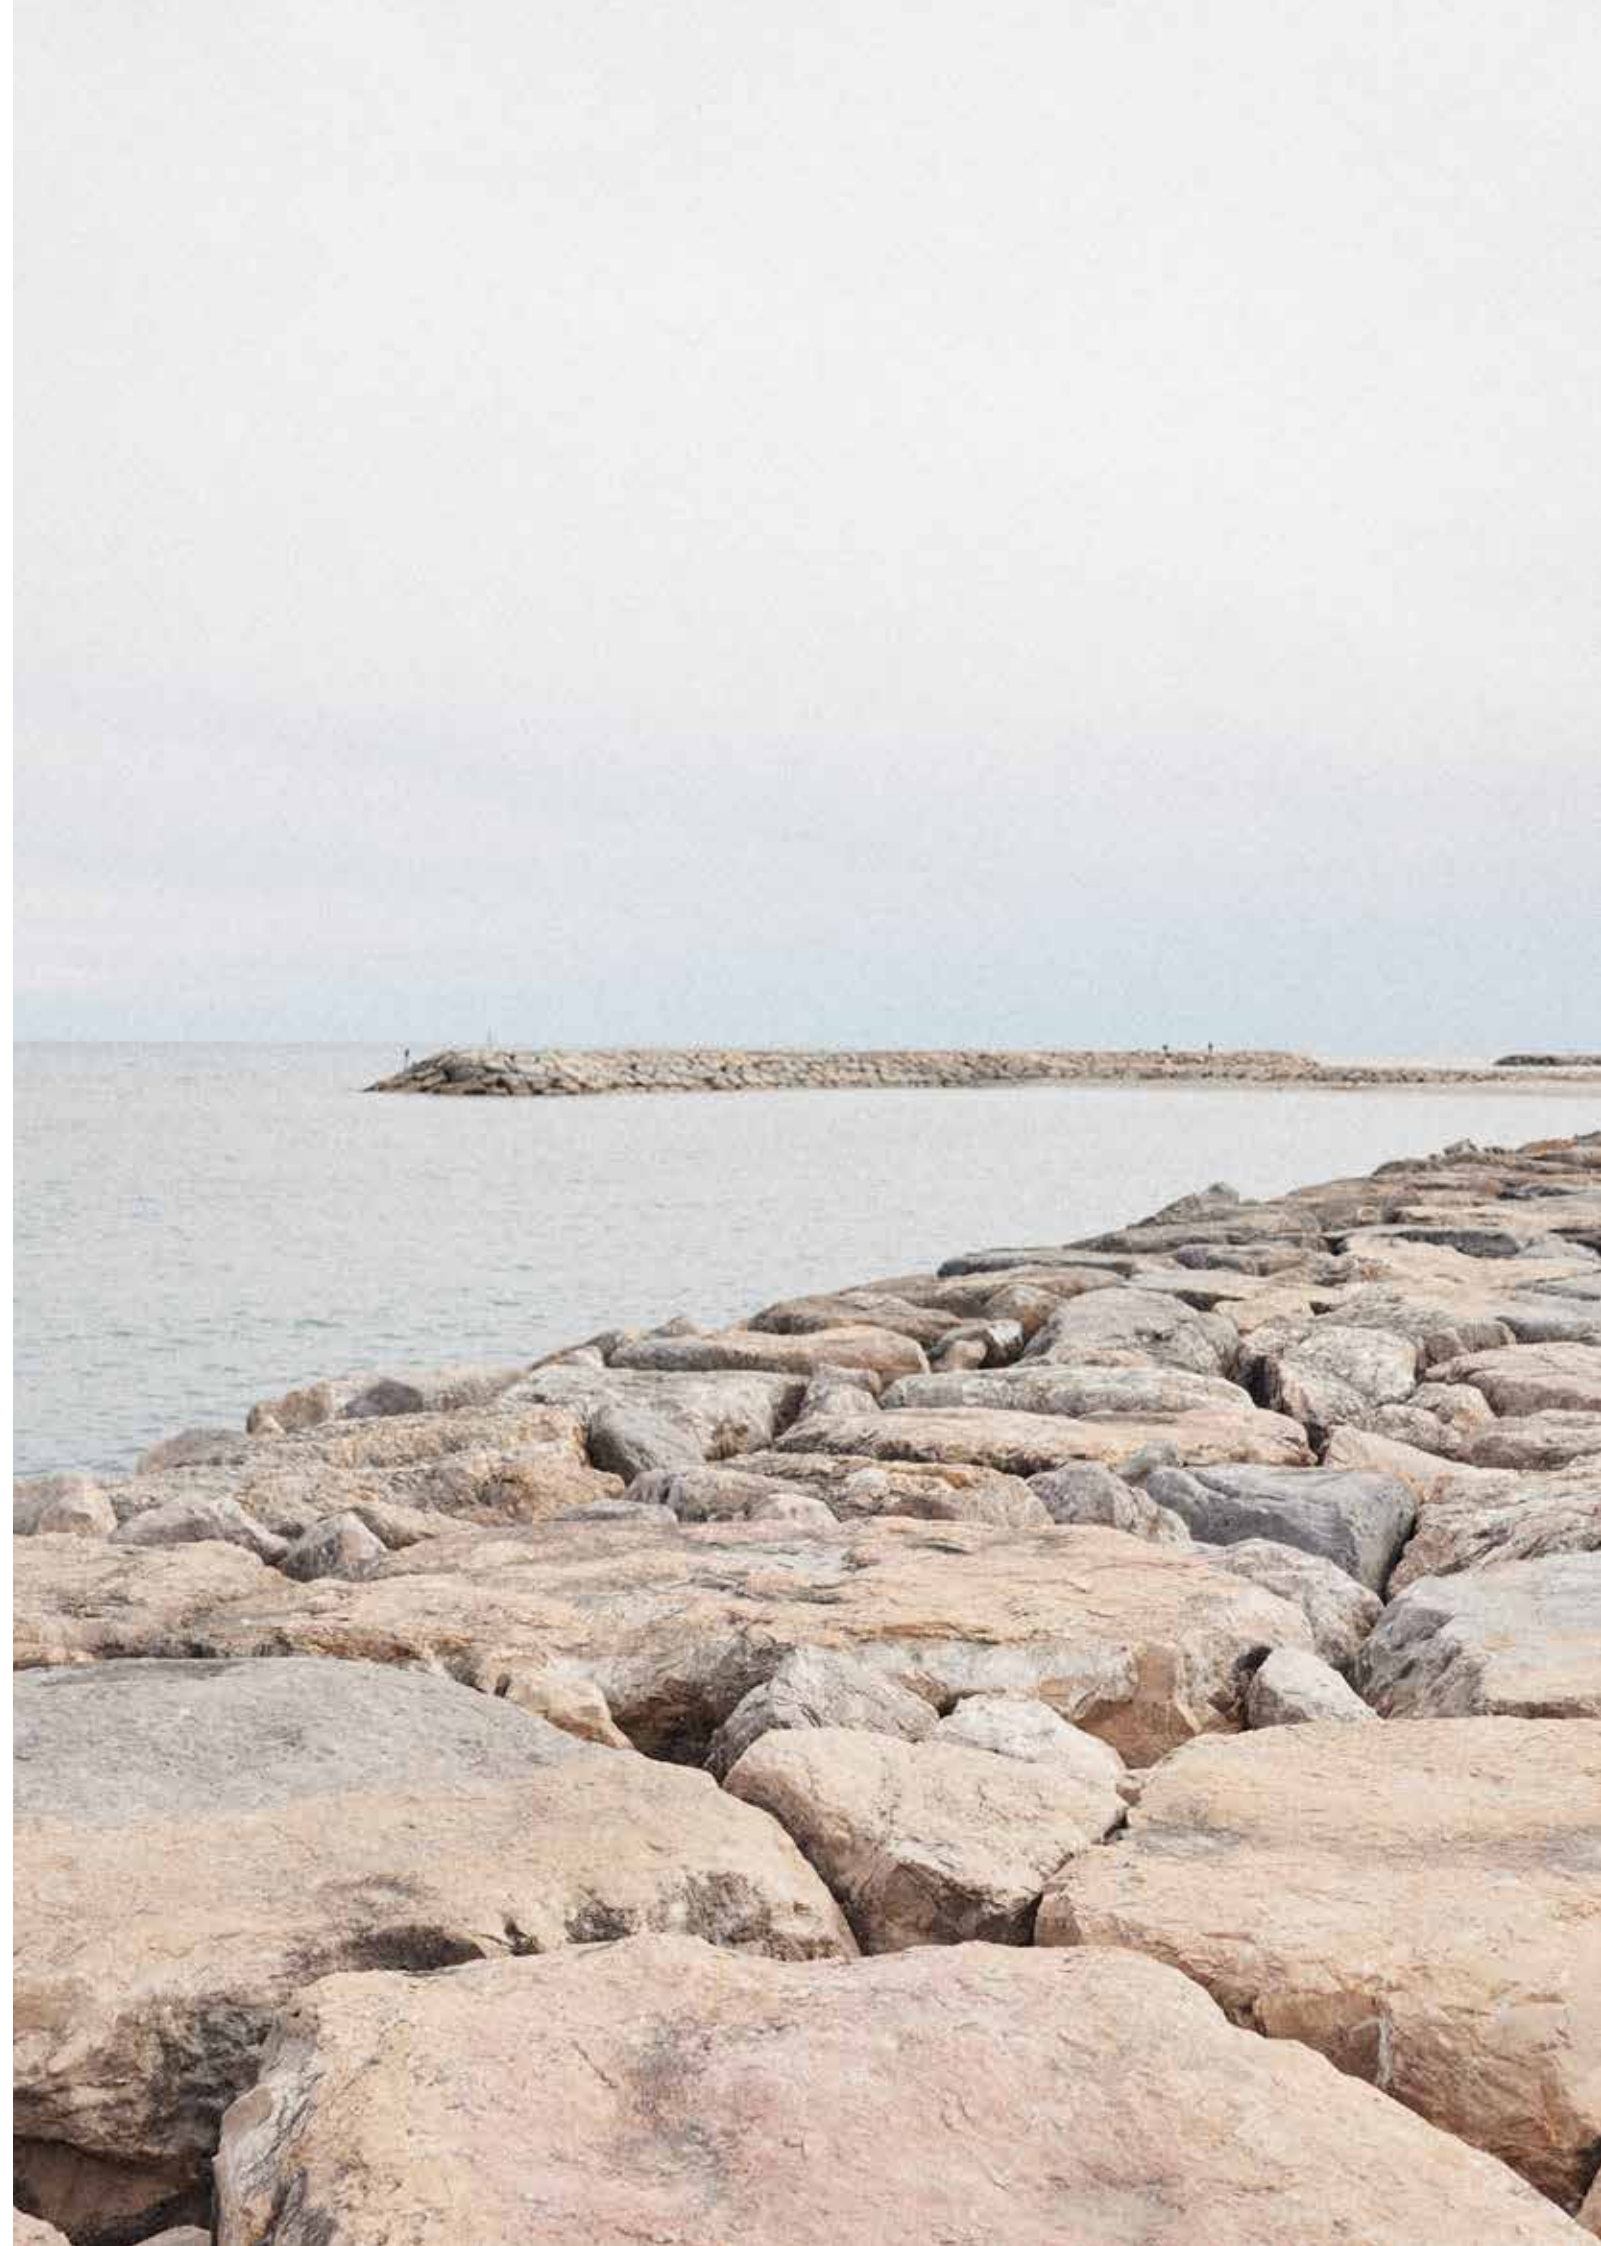

"COASTAL ESCAPE" is an homage to the world's coastlines, gracefully merging water with land. The collection takes us into a realm where the senses awaken and a deep connection with nature is at home. Diverse and dynamic, ranging from rocky cliffs to sandy beaches, each coastal region has its own unique charm.

Spring is the magical chapter in the book of seasons—when nature bathes the world in new colors and the spirit of life is revived in our hearts. As the weather warms, people are drawn outdoors to enjoy the first warming rays of sunshine in parks and gardens, favorite places that delight the senses with a colorful bouquet of colors and textures.

Spring is aesthetically appealing and a symbol of renewal and hope. The delicate shoots peeking through the thawing ice reflect the resilience of life. It is a time for reflection—on the forces of nature and the promise of new beginnings. Spring reminds us that sunny warmth and blooming beauty always return, even after the harshest winter.

"COASTAL ESCAPE" captures the mood of this inspiring season with carefully selected designs that embody the natural beauty of coastal landscapes. The airy materials and vibrant colors of the collection invite us to celebrate this quintessential spring feeling of renewal and hope.

With a vast selection of premium cotton polo shirts, the capsule is a true POLO STATEMENT. Numerous styles are available in solids, iconic stripes, and subtle jacquards. A refined casual shirt complements the premium cotton series as a highlight. "2-Tone.Polos" with modern yet timeless designs stand out. Complementing the polo shirts, a new range of T-shirts completes the effortlessly stylish look. The collection epitomizes jersey expertise—from Cotton Made in Africa to premium and mercerized cotton to slub cotton and lightweight baby terry.

THE BOND WITH NATURE

At FYNCH-HATTON, every choice we make echoes our commitment to a sustainable future. As a family-owned business, we think in generations, embracing our responsibility to the planet. Our journey, which began in 1998, has been guided by the principles of responsibility, reliability, and resilience. Our iconic umbrella acacia logo symbolizes our deep connection to the environment and our dedication to mindful practices.

In an industry undergoing significant transformation in safety, human rights, and sustainability, we strive to be at the forefront. Our supply chain reflects this positive change, focusing on transparency and ecological responsibility. We champion the use of certified animal materials and recycled fibers, reducing reliance on new petroleum-based resources. Sustainability isn't a static goal—it's a dynamic pursuit. We select our materials with care, ensuring they meet stringent sustainability criteria. Our commitment to long-lasting, high-quality products underscores our mission to protect the planet. By integrating economic efficiency, market-oriented thinking, and durable strategies, we continuously innovate towards a greener future.

Sainte Marie de la Mer, a stunning nature reserve and beach located in the heart of the Camargue region, served as an inspiring backdrop for our campaign shoot. Renowned for its breathtaking landscapes, the reserve is a mosaic of marshes, lagoons, and sand dunes, teeming with diverse wildlife. The golden beach stretches into the horizon, meeting the azure Mediterranean Sea, creating a perfect blend of land and water. This serene setting, with its vibrant hues and natural beauty, provided the ideal canvas for capturing the essence of our campaign, infusing each shot with the tranquil and unspoiled charm of this remarkable location.

ARRIVED.

A man with a beard, wearing a dark baseball cap, sunglasses, a white short-sleeved shirt with a green and yellow leaf pattern, dark blue trousers, and tan loafers, is walking away from the camera on a sandy beach. To his left, the front of a white Land Rover vehicle is visible, showing the hood, windshield, and a headlight. The background shows a clear blue sky and a rocky shoreline in the distance.

Lost in Paradise

Our latest capsule, "Lost in Paradise," takes us to summer pleasures and enchanted water gardens. Cheerful and in good spirits, it enlivens the senses and refreshes the soul.

Summer without water? Unthinkable! Water refreshes and relaxes. In lakes, rivers, and seas, a cool embrace awaits, shielding us from the blazing sun. The beach is pure life—filled with the laughter of children building sandcastles, the sound of waves, and the joy of people happily refreshing themselves in the sea.

"Lost in Paradise" captures the summer vibe. "Linen shirts," plain or with stripes, checks, and prints, exude relaxed elegance. Their high-quality materials and airy silhouettes let the skin breathe, conveying a sense of lightness and freedom. "Pull-on shorts" are a must on hot summer days, while "high-quality mercerized interlock" fabrics offer refined luxury and comfort. Various polo and "T-shirt" styles complement the series, providing the perfect outfit for every occasion.

Every detail of the collection embodies summer: from playful prints reminiscent of exotic flowers to subtle embellishments capturing vibrant nature—each piece is an homage to the beauty and abundance of life in the warm season.

It's the time of celebration and sharing: festivals, barbecues, gatherings under the open sky... People meet to enjoy the joys of summer together. The scent of grilled delicacies fills the air, laughter blends with music... it's summer.

"Lost in Paradise" celebrates these shared moments of happiness with garments that embrace the spirit of community. From casual ensembles for relaxed picnics in the park to elegant outfits for the evening beach party—joyful, light, magical, enchanting.
