## TIMELESSNESS NEVER GOES OUT OF STYLE

More than anything, the fall season represents a shift. Sunny days of summer are behind us and, as leaves begin to turn iridescent yellow and red, we begin to shift as well. We reach for the comfort of our warmest coat, grab a hot drink, and gather around the traditions of the season.

In collaboration with the Bayersches Nationalmuseum, Stetson is celebrating fall and winter and how our culture has adapted to it throughout history. We're commemorating that special feeling when you put away your straw hat and put on your wool caps, felt fedora, and prepare for cooler days ahead.

TIMELESSNESS NEVER  
GOES OUT OF STYLE

(continued)

Together we explore the history of fall and winter fashion, defined by comfort, warmth, and togetherness. Ranging from Scottish Tweed and leather newsboy caps to rabbit fur fedoras and wool bucket hats, you'll get a tangible glimpse into how Stetson style and quality has thrived for more than 155 years.

Things may have changed over the centuries, but the way we prepare for fall and winter has not. So, let's celebrate the timelessness of fashion. It's time to bundle up, put on your favorite Stetson, and embrace the new season.

## HATS, HOODS, HIP-HOP CAPS

The Bayerisches Nationalmuseum is one of the largest museums in Germany. Founded in 1855 in the heart of Munich, the museum relocated to its current venue in 1900, being one of the most important and original museum buildings of its time. It presents European art and cultural history with diverse collections ranging from late antiquity to Art Nouveau. With continued renewal of its collections and interiors, the Bayerisches Nationalmuseum is a timeless treasure building bridges between the past and the present.

Stetson cannot be forgotten when it comes to the topic of historic headgear. So it stands to reason that Stetson heeded the call of the Bayerisches Nationalmuseum to be involved in their special exhibition entitled 'The main thing – hats, hoods, hip-hop caps', which will be on from October 2022 until April 2023. This exhibition will display selected Stetson styles from overseas archives and European collections.
