NO SHORTCUTS

NO SHORTCUTS

NO SHORTCUTS

Like the modest champion sitting in the corner listening as others spit their egos all over each other, SCOTT quietly lets its achievements, its victories, its skills speak for themselves. We don't make products for those who yearn to be noticed. We make them for those who are going to do what they do whether there's anyone watching or not. If you're like us, you say what you say, do what you do, run where you run because you love it. You do it the right way. You do it for the right reasons.

SCOTT RUNNING

Why do you run? Is it to find out what your body is capable of? To connect with the outdoors? To escape? To seek? To feel like the best version of yourself? The truth is, it doesn't matter. Running is in you, and when the trail is calling, you answer without a second thought. It's not so different from designing and building the perfect running shoe. In order to make great products, we have to be as curiously passionate about the trail and road, as patient about the training and as filled with dedication as the runners we make shoes for. When we obsess about how to make a shoe lighter, more breathable or more comfortable, we aren't doing it so we can announce it in a catalog. We're doing it because we love running in great shoes just as much as you do. Call it selfish. But we figure if we fall in love with a running shoe ... you will too.

SCOTT ULTRA CARBON RC SHOE

411058

black/yellow

sole

Combining all our years of expertise in advanced traction, rocker technology and trail running we have created the SCOTT Ultra Carbon RC: our most technological trail racing product to date. Featuring a CARBITEX GearFlex plate that keeps you moving efficiently for long hours combined with our evolved rocker technology. The Ultra Traction outsole has strategically placed lugs to provide the best traction for those fast rolling summer trail races. The shoe feels light and cushioned thanks to our Kinetic Light Foam and high levels comfortable from a specifically designed engineer upper. The SCOTT Ultra Carbon RC is your go to shoe for trail marathons to ultra race distances.

COMPOSITION: UPPER: Mesh/ Thermoplastic Polyurethanes, LOWER: Ethylene Vinyl Acetate/Rubber
RANGE OF USE: Race, Trail
HEEL TO TOE DROP: 5mm

PACKS & BAGS

- COMPOSITION:** *SHELL:* 100% Polyester, *INSERT:* 88% Polyamide, 12% Elastane

VOLUME: 2L

APPROX. WEIGHT: 75g

SIZE: XS, S, M, L/XL
- FEATURES:**

 - Two adjustable sternum straps with hook closure
 - Two SCOTT soft flasks included (500ml)
 - Flask pockets with elastic flask keeper fixation loops
 - Back zip pocket
 - Main compartment with quick access side zipper
 - Quick access pocket
 - Emergency whistle

- COMPOSITION:** *SHELL:* 73% Polyamide, 27% Elastane, *SHELL 2:* 100% Polyester

VOLUME: 4L

APPROX. WEIGHT: 122g

SIZE: XS, S, M, L/XL
- FEATURES:**

 - Breathable construction
 - Two SCOTT soft flasks included (500ml)
 - Adjustable sternum strap with hook closure
 - Flask pockets with elastic flask keeper fixation loops
 - Quiver attachment loops
 - Hidden emergency whistle
 - Vertical pole fixation system
 - Front zip pockets
 - Open main compartment
 - Quick access back pocket
 - Reflective applications
 - Open front pockets

- COMPOSITION:** *SHELL:* 73% Polyamide, 27% Elastane, *SHELL 2:* 100% Polyester

VOLUME: 10L

APPROX. WEIGHT: 138g

SIZE: XS, S, M, L/XL
- FEATURES:**

 - Breathable construction
 - Two SCOTT soft flasks included (500ml)
 - Adjustable sternum strap with hook closure
 - Flask pockets with elastic flask keeper fixation loops
 - Quiver attachment loops
 - Hidden emergency whistle
 - Vertical pole fixation system
 - Dedicated hydration reservoir compartment
 - Back zip pocket
 - Quick access back pocket
 - Front zip pockets
 - Open front pockets
 - Quick access side pockets
 - Reflective applications
 - Bladder tube holder on both shoulder straps

SALES SUPPORT

TRACTION MATTERS

NO SHORTCUTS

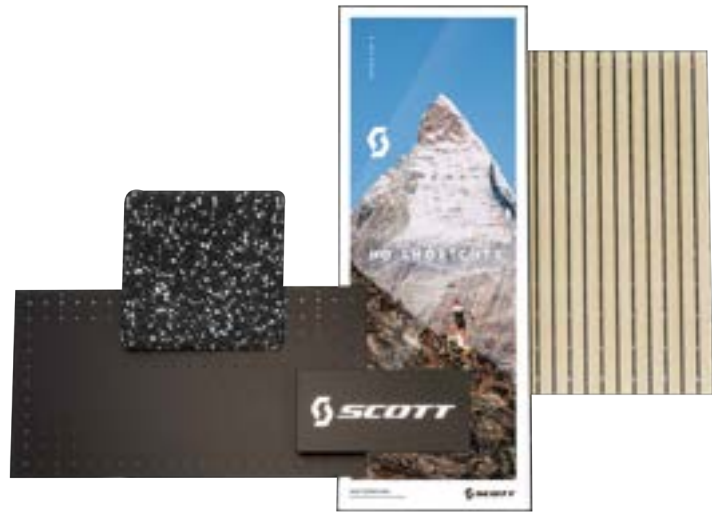

What doesn't take to running means you want to be faster, leaner, stronger.
Change direction fast.
Accelerate up hills.
Feel confident on the descent.
Find the limits.

Control matters.
Performance matters.
TRACTION MATTERS.

SCOTT SPORTS.COM
Scott Sports is a registered trademark of Scott Sports Ltd.

COLOR & MATERIALS

Color and material selections are carefully curated to enhance SCOTT's products. They are durable and authentic, making the concept a reliable investment for retailers.

WALL SECTIONS

The SCOTT Retail Wall Sections serves as the cornerstone of the SIS concept. With its high-level product display and captivating image possibilities, it creates an attention grabbing atmosphere within the store environment. Whether fixed to permanent walls or freestanding to create new exciting customer paths, the wall sections enhances the store's visual appeal and elevates the overall customer experience.

IMPLEMENTATION OF WALL SECTIONS

When planning for the implementation of wall sections, it is essential to prioritize the customer experience. If there are existing permanent walls available for attachment, the use of freestanding wall sections may not be necessary, although they can still serve the purpose of dividing product categories. The concept of wall sections can also be effectively employed in a freestanding manner when creating a new customer path

within a store, without the need for constructing new permanent walls. It is important to carefully measure the intended areas and ensure that there are no obstacles to the construction, such as ventilation systems, etc. Subsequently, the order should be planned starting from the left, as outlined below...

FABRIC FRAMES

The use of images in retail design plays a key role in creating an engaging and attractive shopping environment. They foster an emotional connection with customers, enhance the visual appeal of spaces, and guide consumer behavior. Images serve to highlight specific products, promote offers, and reinforce brand identity. Therefore, strategic use of imagery is crucial for a successful retail experience, promoting sales, building brand loyalty, and standing out.

ELECTRONIC DATA INTERCHANGE

WHAT IS EDI – ELECTRONIC DATA INTERCHANGE

Improve your business efficiency and simplify work with SCOTT's electronic data interchange (EDI) SOLUTION. EDI is a solution for computer-to-computer exchange of business documents in a standard electronic format between business partners.

These business documents cover a wide range of options from placing an order, fulfilling the product database with prices, EAN code, product descriptions, or even exchanging electronic invoices, and in some contexts, optionally exchanging stock level information.

TRADITIONAL INFORMATION EXCHANGE

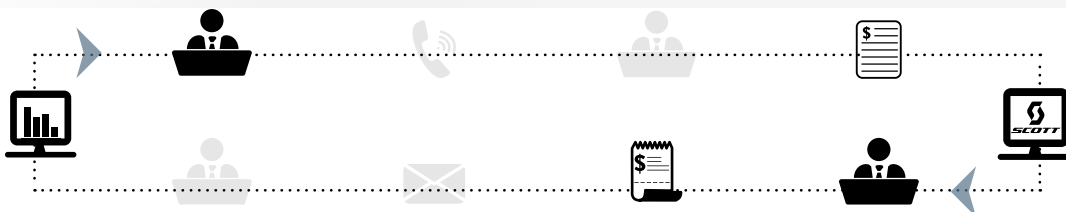

SCOTT EDI SOLUTIONS HELP YOU TO BECOME MORE EFFICIENT

By proceeding with IT connection between our Business Software and your Business Software, both yourself, your collaborators and SCOTT's employees

- ✓ Avoid manual operations
- ✓ Save employees time
- ✓ Avoid human error
- ✓ Simplify business documents and information exchange

WITH EDI AUTOMATIC EXCHANGE

WHO CAN BENEFIT FROM OUR SCOTT EDI SOLUTIONS?

EDI is an electronic format that every business can use, so long as both partners have Business Software compatible with EDI solution.

If you are unsure, contact your IT service provider and ask!

HOW MUCH DOES EDI INTEGRATION COST?

SCOTT offers a range of EDI integration solutions in different data formats. We do not charge anything for the service of integrating with your EDI-ready solution.

The only cost for you would be the cost of enabling EDI capability on your Business software, with your habitual IT service provider.

WHAT EDI SOLUTIONS DOES SCOTT OFFER AND HOW COULD I BENEFIT FROM THE SERVICE?

STEP #1

Check with your IT provider if you can handle EDI integration, and what it would cost for you. To make the process smoother you can share the technical documentation delivered here:

WWW.SCOTT-SPORTS.COM/EDI

STEP #2

If your IT Provider confirms your ability to benefit from EDI integration, please contact your usual SCOTT Sales Representative or SCOTT Customer Service, they will deliver all the necessary information for organizing the next steps.
