

A person is shown from the waist down, wearing a grey long-sleeved sweater and dark trousers. They are holding a large, brown leather briefcase with a top handle and a shoulder strap. The briefcase has a small, embossed logo that reads "The Chesterfield Brand". The background is a warm, wooden interior.

THE ALL-NEW

Suitcase Series

After years of refinement, we introduce a suitcase collection that meets our highest standards — a true reflection of The Chesterfield Brand’s craftsmanship and timeless character. Crafted from durable polycarbonate and finished with supple cow leather, each suitcase is built to endure every journey with effortless style. A smooth telescopic handle, secure TSA lock and silent 360° wheels deliver the ideal balance of strength, elegance and innovation. More than luggage, it’s a companion designed to carry your story forward.

→ Read more on page 24.

THE *Exclusive* Novum Series

The Novum Series from The Chesterfield Brand represents the pinnacle of luxury craftsmanship, designed for those who appreciate the finest leatherwork. This collection features only meticulously selected full-grain cow leather, tanned using traditional vegetable methods. The leather is waxed by hand, resulting in a rich, deep color tone. This distinctive leather, paired with top-tier detailing and exquisite finishing, yields a product that exudes both modern sophistication and timeless elegance.

→ Read more on page 4.

THE DURABLE Antique Buff

The Antique Buff Crumbled Leather series is crafted from buffalo leather, a type of hide generally known for its superior durability. In collaboration with the tannery, The Chesterfield Brand has developed a special treatment process that maintains the suppleness without losing the distinctive buffalo hide grain. The leather is sprayed by hand to achieve the desired, so-called, 'two-tone' effect. The series is developed and designed exclusively for the Nordic market, which is also reflected in the name of the products.

→ Read more on page 6.

THE CLASSIC Wax Pull Up

The Wax Pull Up Leather collection from The Chesterfield Brand is a true homage to craftsmanship and heritage. It is our most used leather type, for good reason, and crafted with meticulous attention. The leather is enriched by hand with aniline dyes and deeply infused with natural oils and waxes. The dyes penetrate the pores of the leather, enhancing its natural texture and gradually developing a distinctive patina. This unique treatment guarantees that each item is long-lasting and remains supple.

THE *Exclusive*
Novum Series

The Novum Series from The Chesterfield Brand represents the pinnacle of luxury craftsmanship, designed for those who appreciate the finest leatherwork. This collection features only meticulously selected full-grain cow leather, tanned using traditional vegetable methods—a process that requires time, expertise, and care to achieve its exceptional quality. In the final stage of production, the leather is waxed by hand, resulting in a rich, deep color tone. This distinctive leather, paired with top-tier detailing and exquisite finishing, yields a product that exudes both modern sophistication and timeless elegance.

NOVUM SERIES

Did you know?

The Novum Series leather is tanned using traditional vegetable methods that take weeks rather than hours. This slow, time-honored process preserves the natural character of full-grain cowhide while achieving remarkable depth and richness. Each piece is then hand-waxed in the final stage, creating a smooth, deep tone and a refined surface finish.

The result is leather that balances modern sophistication with true artisanal heritage.

THE DURABLE

Antique Buff

The Antique Buff Crumbled Leather series is crafted from buffalo leather, a type of hide generally known for its superior durability. In collaboration with the tannery, The Chesterfield Brand has developed a special treatment process that maintains the suppleness without losing the distinctive buffalo hide grain. Since machine spraying only achieves a uniform color, this leather is sprayed by hand to achieve the desired shade. This technique results in a so-called 'two-tone' effect. The series is developed and designed exclusively for the Nordic market, which is also reflected in the name of the products.

BUFFALO LEATHER

Did you know?

Buffalo leather is one of the strongest natural leathers available—and yet, surprisingly, it is also beautifully supple. Unlike many other hides, buffalo skin has a naturally tighter and more pronounced fiber structure, giving it exceptional durability and resilience. This makes it an ideal choice for products designed to be used every day, carried across borders, and trusted for years to come.

Strength is only one part of the story.

Buffalo leather retains its natural grain more visibly than cow leather. Instead of being buffed down or heavily corrected, the grain of buffalo leather is generally kept intact. This means every mark, line, and variation is a genuine fingerprint of nature—making each product unique. When you invest in buffalo leather, you’re not just buying a bag or wallet; you’re carrying an authentic piece of craftsmanship where no two pieces are ever exactly alike.

Did you know that the Antique Buff Crumbled Leather series from The Chesterfield Brand is treated using a process developed specifically in collaboration with the tannery? This special method ensures the natural character of the hide remains while still achieving a soft, luxurious feel.

While many leathers are machine sprayed to create a uniform tone, buffalo leather in this series is dyed and sprayed by hand, creating a deep and rich two-tone effect that highlights the natural texture. No automated process can replicate this kind of nuance or organic variation. The result is leather that looks alive – full of depth, personality, and warmth.

Designed for the Nordic market.

Did you know that this leather is designed especially for the Nordic market? Its weather-resistant strength, natural presence, and artisanal finish reflect the Scandinavian aesthetic: honest materials, long-lasting quality, and beauty in simplicity.

Buffalo leather is more than a material. It’s a story of heritage, craft, and endurance—made to travel your journey, season after season.

Ingrid Shoulder Bag

Practical shoulder bag with a luxurious feel in the finest buffalo leather. Ingrid has a decorative lid and many convenient storage solutions. Spacious main compartment with two inside pockets. Two additional storage compartments on the outside.

THE CLASSIC

Wax Pull Up

The Wax Pull Up Leather collection from The Chesterfield Brand – a true homage to craftsmanship and heritage. It is our most used leather type, for good reason. Crafted with meticulous attention, each piece begins its journey with a careful pressing process. The leather is then enriched by hand with aniline dyes, deeply infused with natural oils and waxes instead of conventional paints and pigments. This unique treatment allows the dyes to penetrate the pores of the leather, enhancing its natural texture and gradually developing a distinctive patina. It guarantees that each item is long-lasting and remains supple.

WAX PULL UP

Did you know?

Wax Pull Up leather owes its rich character to a traditional dyeing method using natural oils and waxes instead of surface pigments. This allows colour to penetrate deep into the hide, enhancing its natural grain and creating a patina that grows more beautiful with time. Each piece is pressed and finished by hand, giving every product a unique, lived-in appearance that reflects craftsmanship, heritage, and lasting quality.

WALLETS

Did you know?

RFID protection helps safeguard your personal data without adding bulk or complexity. By blocking unauthorized scans of contactless cards, RFID technology reduces the risk of digital theft while keeping your essentials secure. Discreetly integrated into the wallets, it works silently in the background—so you can move through everyday life with confidence, knowing your information is protected wherever your journey takes you.

Sustainability

Ethical production and social responsibility

We use only high-quality, durable materials and ensure that every product is produced ethically and in an environmentally friendly way. We place great importance on reducing waste and minimizing our environmental impact.

We have agreements with six factories in India regarding corporate social responsibility and we work exclusively with them, our partners. This ensures a safe working environment without child labor, clean factories, good meals, and safe housing for our employees. Our factories meet European standards. At The Chesterfield Brand, we take pride in our sustainable and ethical production, so you can enjoy our products with peace of mind.
