

Mifuko Brand Collaboration Program

Create a truly exclusive collection by adding your own design elements to our handmade sustainable baskets! For more information, please contact shop@mifuko.fi.

Chloé x Mifuko

Our collaboration with luxury fashion house Chloé started in 2020 and has only grown and flourished. Chloé is committed to supporting fair trade craftsmanship that contributes to the well-being of society. Mifuko's skilled artisans weave ethical and eco-friendly baskets and hats for Chloé's collection.

Handsome x Mifuko

Mifuko's brand collaboration expanded to Asia with The Handsome Corporation, a leading high end fashion retailer based in South Korea with close to 1,400 stores. This co-branded collection launched in 2022 under Handsome's licensed flagship brands Lanvin, Time and Lätt.

Polo South Africa x Mifuko

We partnered with Polo South Africa to celebrate African women and support the craftsmanship of the continent through our brand collaboration. The collection features basket bags woven from locally sourced, eco-friendly paper and decorated with beads made from recycled glass bottles.

Balmuir x Mifuko

The first products from our collaboration with the Finnish lifestyle brand Balmuir were launched in February 2023. Balmuir has achieved international success with its premium quality design products and fashion accessories. The products in this cobranded collection are handwoven in Ghana from elephant grass using traditional weaving techniques.

Aspesi x Mifuko

The brand collaboration with Aspesi was launched in spring 2023. Aspesi's minimalist and timeless approach and attention to quality is in line with Mifuko's love for slow and sustainable consumption.
