## B.CONSCIOUS IN FIVE WAYS

B.Conscious consists of four sustainable initiatives from B.Coastline. When choosing B.Coastline items labeled B.Conscious you help protect our nature. Each initiative is a step forward in protecting our planet.

### **B.Conscious Organic Cotton**

The product contains organic cotton fibres grown without any use of chemicals.

### **B.Conscious Water**

The garments are produced with special water saving techniques.

### **B.Conscious Natural Fibres**

Feel the difference with this product made of natural fibres from natures hand.

### **B.Conscious Recycled Polyester**

Both main fabric and lining in this product are made of recycled polyester, according to global standards. The insulation which is made from plastic bottles, will protect you from the cold.

### **B.Conscious Organic and Recycled**

The product is a mix of organic cotton fibres and recycled polyester.

## In harmony with nature

B.Coastline is for women with a positive, confident attitude and an active lifestyle.

The clothes are designed for leisure - walks in the forest, days in the holiday home, weekends with time to enjoy life, either indoors or outside with active experiences.

The new collection for autumn 2021 has everything the

B.Coastline woman needs for a weekend trip.

The style is casual-fresh - the look is simple and nordic.

SHIRT 211908 PANTS 212051

## From plastic waste to fashion item

A relaxed walk in the nature gets even better  
when wearing sustainable clothing!

The main fabric, lining and padding in this comfy rose jacket  
is made from recycle polyester, according to global standards.  
The insulation is made from reused plastic bottles.

It's nice to know,  
that plastic bottles  
thrown away....

...can be upcycled to  
a brand new jacket

## THE TREKKING TREND

*Trekking is a trend that has inspired  
B.Coastline this season.  
Look out for cargo trousers, khaki colours,  
trekking details and warm knitwear.*

# Make your choice for a better world

The B.Coastline woman is inspired by nature. She values her walks in the forest or the relaxing moments doing nothing but looking at the shifting colours of the sea or the sky.

B.Coastline, and the B.Conscious line in specific, are developed for women caring about the future for the planet. Make your choice - choose B.Coastline.

WE LOVE  
NATURE

### **B.CONSCIOUS IN THREE WAYS**

B.Conscious consists of sustainable initiatives this winter. When choosing B.Coastline items labeled B.Conscious you help protect our nature. Each initiative is a step forward in protecting our planet.

### **B.CONSCIOUS ORGANIC COTTON**

The product contains organic cotton fibres grown without any use of chemicals.

### **B.CONSCIOUS WATER**

The garments are produced with special water saving techniques.

### **B.CONSCIOUS RECYCLED POLYESTER**

Both main fabric and lining in this product are made of recycled polyester, according to global standards.

### COSY WINTER KNIT

B. Coastline is designed for leisure and time off. The new collection features everything you need for a nice weekend trip in the winter time. Remember the knitted sweater in organic cotton - it is indispensable this season! The vest is also a must-have. It gives you an extra layer and a smart look!

## LOUNGEWEAR DE LUXE

Stay inside and enjoy  
the warmth and softness of B.Coastline's  
loungewear in wool and cashmere.

# Fashion for outdoorsy women!

The B.Coastline woman is a positive, active, and self-confident person who loves spending time in the nature.

B.Coastline is created exactly for this outdoorsy type of woman and with her specific clothing preferences in mind.
