JANUARY FEBRUARY MARCH APRIL 2022

january

This season we call on inspiration from the sanctuary of home as well as the world that's on our doorstep, and the creative opportunities that represents. A utilitarian colour palette of khakis, greys, and neutrals compliments the collection of reassuring and relaxed pieces, while our updated loungewear offering focuses on transitional pieces to carry you from the home office to local café.

february

We leave the serenity of the home for the vibrancy of the city for our February collection, which is a celebration of the diversity and eclectic energy which defines our urban centres. Vibrant prints, collages, hand-painted techniques and bold colours translate into bold and adventurous pieces that give you the confidence to go out into the world and experience it. Clean lines and flattering silhouettes in rich crisp fabrics aim to make our customer feel confident and refined, whilst unexpected seasonal colours add a touch of the adventurous and experimental. Sophisticated tipping and side stripe details give an overall modern aesthetic with a relaxed but polished look and feel.

march

For our March collection we take inspiration from the British countryside with its native flora and fauna, favouring the enchanting and floaty, taking into consideration what you need to feel joyful but comfortable in warmer weather. These are clothes to embrace the outdoors in, and the inspiration is reflected in the hand-painted floral prints as well as the earthy colours and dyes that come directly from vegetables and flowers.

With the ocean comes the potential for travel to far flung places, and we consider how travel influences and inspires us to escape the norm. An optimistic look and feel unites the collection with bright natural pops of colour, tropical-inspired prints and gauzier fabrications. Creating a capsule wardrobe with pieces designed for the possibility of exploration but also relaxation in warmer climes. From indo dyeing to ikat techniques, the hand-illustrated imagery mixed with found objects such as shells and seaweed creates an all-over whimsical feel.
