Danish eyewear – a sight for sore eyes

Designed in Denmark, eyewear from Have A Look is all about making you look sharp!

Rooted in the Danish design tradition of combining functionalism and aesthetics, we create glasses in colours and shapes to match any occasion, facial shape, and individual style.

Inspired by the latest trends of fashion and interior design, paying close attention to form and function, down to the detail, we invite you to play with your personal style.

The Danish designer team behind Have A Look celebrates diversity; that's why we create quality glasses for everyone at prices that make shopping fun!

Bio-based frames

We take every measure to meet the challenges of an evolving world. The raw material employed for our quality frames is bio-based and made from 45% oil extracted from castor plants. Consequently, all collections are durable and recyclable.

Recycled felt cases

Complementary felt cases are crafted from recycled plastic bottles (rPET).
