

Spring / Summer 2025

HOLEBROOK
SWEDEN

The sky, the sea, the wind and the rain. The seasons and their changes. To us they represent freedom, love and respect. It's time to reconnect with nature.

Open minds will be rewarded by nature.
Let yourself be inspired.

Everything we do and everything we use has an impact on us.
On our planet. On life itself. Choose wisely. Choose quality over quantity.

Location: "Sibiriren" outside Helsingborg on the Swedish west coast.

All Holebrook clothes are manufactured in Europe. They are made to last, and they are the opposite of fast. Each one of our suppliers shares our commitment to quality and sustainability. In that commitment we've left no room for compromises. Sustainability is, at heart, all about the choices you make.
