This summer our sandals make a big statement – with ultra-flexible soles for maximum comfort and designs that make fashion hearts flutter.

All of the models – whether they have sporty-looking or feminine sole profiles – offer incomparable comfort in wear thanks to the combination of premium upper material and soft-padded socks.

Sophisticated browns, beiges and cognacs emphasise the naturalness of the materials used. Embellished with fine braiding, these special sandals have a carefree look reflecting the nonchalance of summer.
