ORIGINAL WINDPROOF COLLECTION 2026

Our Original Windproof sweaters were originally designed for life on the Swedish west coast – where the ever-changing weather is a constant presence. Where the winds are stronger and the seasons more rugged.

They are crafted from natural materials like wool and cotton, supported by our unique and stretchy windproof lining. They are all made for a life outdoors - and outside of fast fashion.

Knitting is more than tradition to us – it's our craft, perfected through generations. Our garments are produced in Europe, always and forever. We meticulously choose materials that prolongs the lifespan of the garments, which is one of the most important aspects when it comes to sustainability. We don't chase trends. Instead we believe in a future built on slow, thoughtful fashion. Our goal is to create garments that are cherished and worn often – until they nearly fall apart. And then, just a little longer. We see a brighter future in taking responsibility, using resources wisely, and rejecting the wastefulness of fast fashion and runaway consumption that burden our planet.
