

The Chesterfield Brand

A black and white photograph of a person sitting on a concrete ledge. The person is wearing a dark jacket, light-colored jeans, and dark boots. A brown leather bag with a strap and buckle is placed on the ground next to them. The bag has the text 'The Chesterfield Brand' printed on it. The background is a blurred outdoor setting with a fence.

THE BRAND

With The Chesterfield Brand, we want to prove that things can be done differently and that the combination of affordability and quality does exist. By focusing on both our product and the conditions under which the people, that are involved with our production process, live and work in, we create a situation that benefits all parties optimally.

Alongside a flawless eye for great design and a commitment to affordability, our designs are focused on making sure one's self-confidence gets a boost. Look better, feel better, perform better. All of this leads to our inspirational motto: "Honour Your Success" – value your successes, small or big.

“

You must see, smell and feel it, only then you can judge whether you have a nice piece of leather in your hands.”

COW WAX PULL UP LEATHER

The most frequently used type of leather is the unique Cow Wax Pull Up leather. This leather is treated by hand with natural oils, which creates a uniquely smooth result. Because this type of leather is only treated with wax and not sprayed with colour, it is a very durable product that retains its colour and quality. This quality can only be guaranteed by being closely involved in the process of turning a hide into a bag. No skin is the same and that makes every bag unique.
