UNDERWEAR
The original pouch underwear.

SWIM
with the BallPark Pouch® liner.

ACTIVEWEAR
Game-changing comfort.

WHO WE ARE.

The pouch underwear innovators.

Instigators of change. We invented men's pouch underwear nearly 20 years ago — and we've been changing men's lives ever since.

We confront the uncomfortable. We take on men's intimate problems with boldness and tenacity. We fix them. And we deliver life-changing comfort and support.

Men have been dealing with discomfort for decades. But it was SAXX's founder, Trent Kitsch, who recognized men's discomfort and innovated to solve it.

In 2006, Trent was on a fishing expedition and after spending hours in a cold, clammy ocean suit he knew there had to be a better way to protect his package from uncomfortable chafe. As a former baseball player, he imagined a catcher's mitt hammock design turned upside down and built into his underwear.

After the fishing trip, and with the hammock idea still percolating, he worked with a seamstress and designer — and himself as the fit model — to create a paneled fabric hammock that separated his balls from his legs.

Fourteen prototypes later, the BallPark Pouch® and SAXX Underwear were ready to change the men's underwear game.

We are obsessed with the comfort of your manhood.

Experience the
| BALLPARK
POUCH.®

The first and only one of its kind, the BallPark Pouch® launched men into their ball-care era. Unlike other pouches, our patented tech is shaped like a hammock, so men don't have to maneuver themselves into the pouch. Perfectly formed to the male anatomy, the BallPark Pouch® lets everything naturally settle into its most comfortable position.

Designed to support a man's manhood, our tech is built with breathable mesh panels to separate your balls from your thighs. This means no more sticking, chafing, or adjusting. Creating the BallPark Pouch® was the beginning of a new era in men's underwear and our obsession with the comfort of your manhood.

Patents: #12/000,966 #60/886,545 #2,615,227

SAXX proprietary technologies.

DropTemp® Cooling technology.

Our exclusive cooling tech optimizes breathability and accelerates drying times, keeping you cool and comfortable without the use of chemical treatments.

No-RideUp Leg™

No-RideUp Leg™ boasts a tailored leg-opening to secure your underwear to your thigh. Keeping excess fabric exactly where you want it — out of your groin.

Stop Drop Technology™

Integrated into the BallPark Pouch®, our barely-there tech rapidly wicks stray drops to help dry unwanted moisture fast for an all-day comfort boost.

NEW

DropTemp® Dry.

Designed to prevent unsightly sweat marks, DropTemp® Dry wicks, moves, and dries moisture exceptionally fast.

Balloons Away™

Found in our new swim styles, our all-new confidence boosting tech stops embarrassing underwater air bubbles before they happen.

NEW

Limitless Flex Technology™

Engineered to adapt to all body types, our latest tech provides custom stretch for adaptive comfort, eliminating restrictive tension and improper fit.

GAME-CHANGING COLLABORATION PRINTS.

As purveyors of game-changing underwear, we know what athletes need when it comes to their performance underwear. For S26, we've teamed up with our SAXX Gamechangers to deliver four exclusive print drops in our highest performing pairs.

GAMECHANGERS SPOTLIGHT.

Pro football player, and renowned “sack artist”, Maxx Crosby, knows what he needs to perform at his highest level — game-changing underwear in his custom print designs.

- Adjustable drawcord waist
- Easy access stash pocket on leg for phone

Our sustainability mission.

For too long, mankind has neglected himself, as well as his planet. As we solve men's private problems, we know we can't neglect the world's public ones. That's why we're looking at and beyond our products to reduce our environmental footprint and improve our social impact.

Our innovation was born by turning private problems into product innovations, and that's why we are committed to improving upon the impact we make. Because life-changing comfort shouldn't come at the expense of the planet — nor those who live on it.

It's an imperfect world but here are some of the ways we commit to making it better:

- Reducing environmental impacts and using safe chemistry in our materials.
- Ensuring social and environmental responsibility in our supply chain.
- Updated our packaging to curbside-recyclable paper Vela bags.
- Promoting health and self-care in our community.

Testicular Cancer Foundation (TCF) provides education, awareness, and support for testicular cancer — the most common cancer in males ages 15 to 34. Our Protect The Nuts print — created by Jason Sturgill — will support TCF's commitment to providing accurate, factual, and encouraging information.

FYI: a simple testicular self-exam once a month can save your life. Hold. Roll. Repeat. It's that simple! If you notice any changes, contact your doctor or urologist.

Multi-Sport Mesh.

An athlete doesn't need to adjust his underwear or underload in Multi-Sport Mesh. Featuring No-RideUp Leg™ and the BallPark Pouch® **PRO**, this soft and smooth versatile style keeps everything put during sport activities. And to ensure that your manhood stays dry and comfy after bathroom breaks, we've integrated Stop Drop Technology™ — a wicking fabric structure that deals with post-pee dribbles — into the pouch.
