DISCONNECT & EXPLORE

Made for runners who choose the wild way forward, those who don't need a path to follow, just a reason to disconnect and explore.

GORE-TEX INVISIBLE FIT

A bonded waterproof membrane that blocks rain and wind while letting heat and sweat escape, keeping your feet dry, light, and comfortable.

KINETIC LIGHT FOAM

Soft, light and responsive, but with high levels of durability.

SOFTGROUND TRACTION

Deep 7mm lugs aid traction on our softground outsole. Designed for muddy terrain as well as rocky outcrops, this outsole is for the most extreme terrain.
