2022

OUR STORY

At Zlitch colour is key.

Playful colour combinations, a mix of prints and natural materials. Maxi dresses, jumpsuits, culottes and midi skirts. Loose woven blends and soft jerseys.

This Spring Summer collection we present must-haves and new timeless styles in our bamboo basic line. We combine summery linen blends in stripes with viscose florals. Soft summer pastels Vanilla and Rose, strong solids Disco blue and Poppy red and accents of Candy pink and Lagoon green. Colourblocking and ton sur ton combinations. This summer we are going into the mix. Choose a printed dress with matching cardi or a funky printed pants with a big floral top.

Whatever you choose. COLOURYOUR DAY with ZLITCH!

FUTURE FRIENDLY

Timeless and sustainable

When creating collections, we mainly choose natural materials such as bamboo, viscose, cotton, linen and blends of these comfortable materials. Organic cotton and ecovero viscose are standard in our collections. We only work with factories that use environmentally friendly pigments and no aggressive dyeing techniques. Above all, we attach great importance to the working conditions of the factory employees. The factories we work with produce according to International Labor Standards.

This Spring Summer collection we have a broad range of future friendly pieces that are timeless and sustainably produced.

ECO-VERO™

BAMBOO BASICS

Colourful basics that feel like a second skin.

A silky soft knit made from the bamboo plant. The bamboo plant grows quickly and regenerates from its own root. Replanting is therefore not necessary. No pesticide, little water and little labour are used in production. Bamboo is naturally hypoallergenic and antibacterial. The fabric breathes and can therefore be worn all year round. It gives you warmth in winter and is nice and cool in summer.

Choose your colour in a favourite basic to brighten up your outfit.
