

A man and a woman are posing together in a rustic, industrial setting. The woman, on the left, has long brown hair and is smiling. She is wearing a light blue knit sweater and blue jeans. A small, brown leather messenger bag with a buckle is slung across her chest. The man, on the right, has dark curly hair and a beard, and is also smiling. He is wearing a brown leather jacket over a grey t-shirt and white pants. He has his arm around the woman's shoulder and is holding a large, brown leather briefcase in his left hand. The background consists of a blue metal wall and a white wall. The overall mood is warm and stylish.

## SPIKES & SPARROW

We believe that everybody has to find their own way in life. That you have to chart your own course. Be independent. Go for more. And dare to be yourself.

We've been doing exactly that since 1998, when we started the company that is now known as Spikes and Sparrow. Our mission: to make bags (and accessories) that enhance the character and individuality of its owner. Leather bags made by hand from natural products. Bags that show what they are made of and that can be enjoyed for many, many years. Bags that are, like us, independent and free. Enjoy!

## BRONCO

Bronco is made from buffalo skin, which is known for its thickness and strength. After the first tanning process the skin is treated with vegetable extracts to give it its natural look. After this, the skin is washed and hand-waxed, which gives it a two-toning effect. To give it a vintage look the skin is washed again and polished after drying. The result of all this is that every bag has its own character with differences in shading and look. And because the skin is not sealed, the waxes can migrate over time, making your bag truly uniquely yours. Bronco is available in the colors black 00, dark brown 01 and brandy 47.

APACHE

Apache leather is a very supple, light and soft leather made from cow hides. Because of its softness, any bag made in this leather plies easily around your body. The bags are firstly made in a uniform neutral color. Once they have been assembled, they are finished by adding a mix of dyes and waxes. Because this process is done by hand, not one bag is the same, while they all share a warm vintage look. Apache is available in the colors black 00, brandy 47 and dark brown 67. And Apache suede mix is available in the colors green 06, camel 13 and brandy 47.
