

ZILCH

Spring Summer 2023

OUR STORY

At Zilch colour is key.

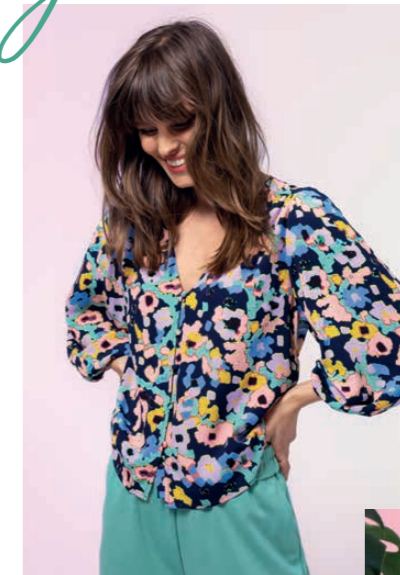

Playful colour combinations, a mix of prints, and natural materials. Midi dresses, wide fit tunics and pants, comfy jumpsuits, and skirts. Beautiful flowy caftans, colourful knits and soft jerseys.

This Spring Summer collection we present favourite must-haves and new timeless styles in our bamboo basic line. We combine bold prints and natural blends with easy colour palettes of pink and blue. Playful colours lilac and bright orange add joy to neutral tones of beige and off white. This summer is all about easy going silhouettes and popping colours.

Whatever you choose, COLOUR YOUR DAY with Zilch!

FUTURE FRIENDLY

Timeless and sustainable.

When creating collections, we mainly choose natural materials such as bamboo, viscose, cotton, linen and blends of these comfortable materials. Organic cotton and ecovero viscose are standard in our collections. We only work with factories that use environmentally friendly pigments and no aggressive dyeing techniques. Above all, we attach great importance to the working conditions of the factory employees. The factories we work with produce according to International Labor Standards.

This Spring Summer collection we have a broad range of future friendly pieces that are timeless and sustainably produced.

BAMBOO BASICS

Colourful basics that feel like a second skin.

A silky soft knit made from the bamboo plant. The bamboo plant grows quickly and regenerates from its own root. Replanting is therefore not necessary. No pesticide, little water and little labour are used in production. Bamboo is naturally hypoallergenic and antibacterial. The fabric breathes and can therefore be worn all year round, it gives you warmth in winter and is nice and cool in summer.

Choose your colour in a favourite basic to brighten up your outfit.
