

Atonik W's

Women Only

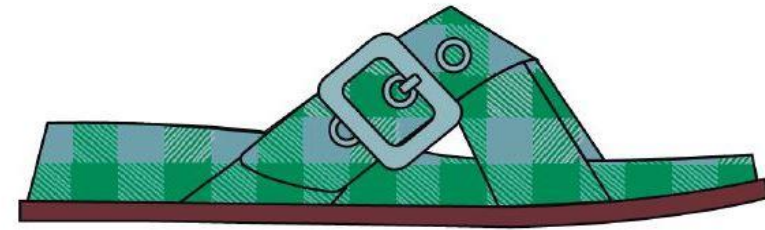

Carry Over

Atonik, recovered from the Camper archive, is a natural, laid-back slide sandal with a design inspired by minimalism and a strong, contemporary summer look.

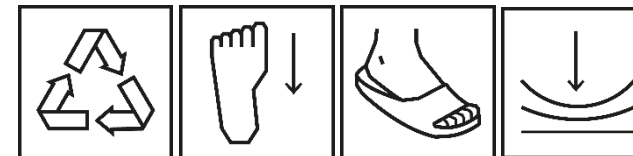

Its ergonomic shape, anatomic PU footbed and padded, criss-cross straps offer extra comfort and cushioning, whilst the full rubber outsole guarantees good grip. An oversized buckle for Easy Fit strap adjustment adds character to this everyday summer essential.

This season, this versatile, low performance, easy-wear sandal is strongly connected to the seasonal story with uppers and linings designed using a new, breathable, rich, summer material composed of recycled cotton and recycled PET, inspired by the traditional Vichy pattern.

The result is a range of all-over Vichy print options combining refreshed and unexpected colours for a clean and unique contemporary summer look.

Balloon W's

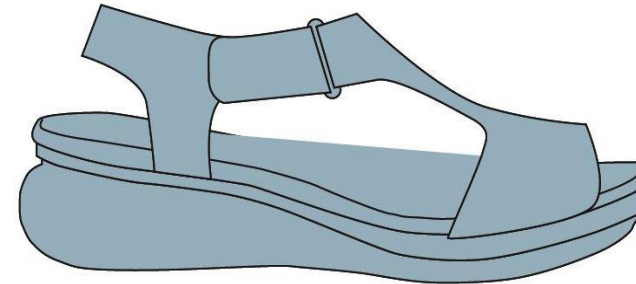

Women Only

Carry Over

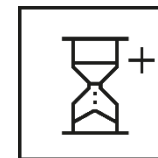

Balloon, a lightweight yet voluminous summer basic sandal with a recognizable silhouette and an extraordinarily comfortable medium-height wedge returns this season.

This playful and unique sandal has been specifically designed using soft, premium quality leathers and an extra lightweight EVA outsole, combined with a cushioned PU footbed and EASY FIT systems across all styles including elastics and Hook & Loop for unmatched everyday summer comfort. Recycled PET linings are used across the line with some options incorporating a 30% natural sugarcane composition in the outsole.

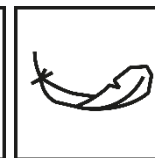

This season, Balloon continues with three existing summer basic styles including the criss-cross sandal, the T-bar and the latest addition, a velcro-strap sandal introduced last S/S 2021 season. A clean, sharp approach remains with added colour refreshments of bright and neutral seasonal colour blocks ranging from smart to sportier looks.

Beetle M's

Natural Casual

The iconic Beetle is a unique urban casual shoe which evolves every season, characterized by an original anatomic shape, designed to provide unbeatable daily comfort.

This simple, yet practical casual shoe combines a flexible, unique construction with soft, premium quality materials, a lightweight EVA outsole, with a recycled component in some options, recycled PET lining options and EASY FIT recycled PET elastics, making this Camper classic a perfect everyday choice.

This season, carry over styles have been refreshed using a range of natural treatments for a relaxed, classic casual summer look, including the popular leather and textile combined basket bootie, now available in new, breathable recycled cotton uppers. The carry-over leather and mesh bootie style has also been updated offering a brand-new look featuring breathable natural Tencel uppers that are gentle on the skin, together with an extra soft non-dyed leather option incorporating coffee yarn linings with skin caring properties. The carry-over full textile recycled PET style continues as well as the more classic full leather style, now available in new seasonal natural and neutral tones.

Brothers Polze M's

Smart Casual

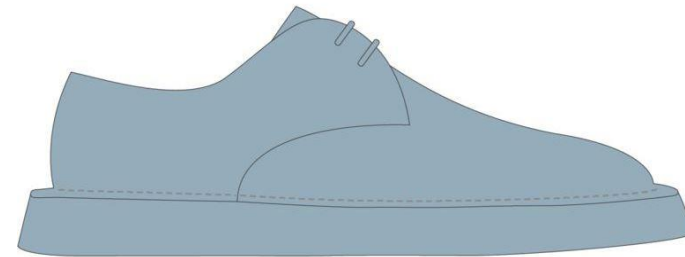

New

The original Brothers line, launched in the early 90's was one of Camper's first international successes with a distinctive profile and a characteristic, wide and ergonomic last combined with an artisanal 360° stitched-down construction. Inspired by biker boots, its characteristic outsole featured a special curvature known as a 'take off system', which supported foot movement whilst walking.

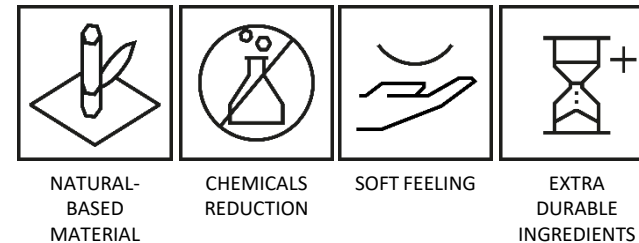

This season, the original Brothers construction has been recovered to introduce a new member of the family, Brothers Polze, a smart, casual unisex shoe inspired by the same distinctive, ergonomic profile and an oversized volume which resembles the shape of a 'polze', meaning 'thumb' in Mallorquin, for an added bold, contemporary twist.

Produced in Portugal, with extremely soft, premium leathers including a chemical-free, non-dyed leather option and a rubber outsole with a 51% natural compound, Brothers Polze offers outstanding quality, comfort and durability. This perfect summer companion combines no linings with a chrome-free leather footbed which is both gentle on the skin as well as providing feet with an extra soft feeling.

This season, Brothers Polze is available in a unique style; a contemporary version of the classic derby shoe, in three seasonal monocolour options as well as a unique TWINS option designed using an unexpected all-over screen-printing technique with a handcrafted feel, inspired by the original Camper TWINS concept and a typical Mallorcan landscape.

Brutus M's

Smart Casual

Brutus, Camper's iconic unisex city hybrid, returns with brand new refreshed and unique treatments ranging from premium urban casual to more natural summer contemporary looks.

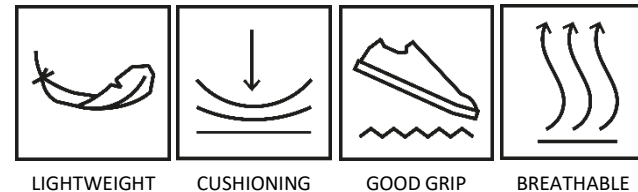

This season, this chunky yet extraordinarily lightweight, flexible and durable shoe designed with premium materials and an EVA outsole offers carry-over styles with refreshed summer treatments for a natural look including the popular unlined leather and textile combined sneaker from S/S 2021, now featuring breathable recycled hemp uppers with antibacterial properties, together with the bestseller basket boot style, now available in breathable, organic cotton uppers with a waxy finishing. All carry-over styles have been refreshed with new seasonal colours mixing natural tones with bright, summery highlights as well as a basic full black option in the textile boot style.

As new additions this season, Brutus is available in a new leather and textile combined bootie complete with extra warm recycled Primaloft linings and a playful design strongly connected to the seasonal Meccano story. The uppers combine recycled PET with thick leather details joined up with metallic rivets for a playful, unexpected look. Options range from a natural tone with bright, colour contrasts to a more basic full black option.

Brutus Sandal M's

Natural Casual

New

Brutus Sandal, a brand-new addition to the iconic Brutus family.

This natural, everyday unisex sandal with a minimalistic, ergonomic last has been designed to offer extraordinary summer comfort, available in a range of versatile styles that range from urban smart to more natural, contemporary, laid-back summer looks.

Retaining the Brutus family's characteristic XL extra light outsole, Brutus offers a lightweight feel, combined with a chrome-free leather-lined anatomic footbed providing feet with a gentle, soft and pleasant feeling.

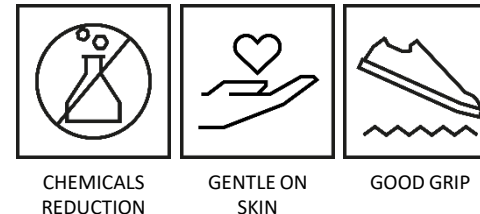

Premium, classic, shiny leathers offer a clean, sophisticated, urban look in two styles including a contemporary version of the classic fisherman sandal and a cross-strap slip-on sandal in a black monocolour option.

Brutus Sandal also offers a selection of more relaxed, natural contemporary styles and options including a cross-strap slip-on sandal available in full grain leather options as well as a smarter, classic shiny leather option, together with a textile version in a range of rich summer materials including breathable recycled cotton uppers, available in seasonal monocolour treatments. Colour options range from more basic earthy tones to brighter colours including a recycled cotton option with a traditional Vichy pattern in an unexpected seasonal colour combination as well as a unique TWINS option designed using an all-over screen-printing technique with a hand-crafted feel, inspired by the original Camper TWINS concept and the Mediterranean sea. A basic two-strap full grain leather sandal offers an EASY FIT Hook & Loop closing system for better adjustment in natural seasonal colour blocks.

A special natural edition of the cross-strap slip-on sandal completes this line introducing a new, innovative natural mushroom-based material with skin caring properties, combined with an EVA outsole containing a 30% sugarcane composition.

Natural Casual

New

Brutus Sandal, a brand-new addition to the iconic Brutus family is introduced this season.

This natural, everyday unisex sandal with a minimalistic, ergonomic last has been designed to offer extraordinary summer comfort, available in a range of versatile styles that range from urban smart to more natural, contemporary, laid-back summer looks.

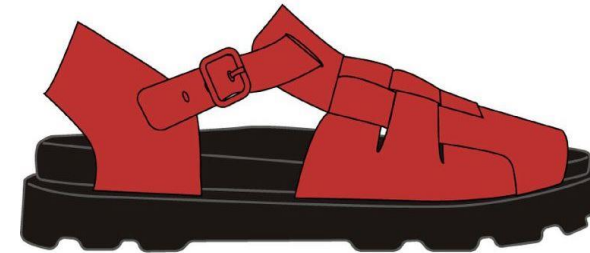

Retaining the Brutus family's characteristic XL extra light outsole, Brutus offers a lightweight feel, combined with a chrome-free leather-lined anatomic footbed providing feet with a gentle, soft and pleasant feeling.

Premium, classic, shiny leathers offer a clean, sophisticated, urban look in two styles including a contemporary version of the classic fisherman sandal and a cross-strap slip-on sandal in black and red colour blocks.

Brutus Sandal also offers a selection of more relaxed, natural contemporary styles and options including the cross-strap slip-on sandal in soft, full grain leather options as well as a textile version in a range of rich summer materials including breathable recycled cotton uppers. Colour options range from more basic earthy tones to brighter colours including a recycled cotton option with a traditional Vichy pattern in an unexpected seasonal colour combination as a unique TWINS option designed using an unexpected all-over screen-printing technique with a hand-crafted feel, inspired by the original Camper TWINS concept and the Mediterranean sea.

A special natural edition of the cross-strap slip-on sandal is available with the introduction of a new, innovative natural mushroom-based material with skin caring properties, combined with an EVA outsole containing a 30% sugarcane composition.

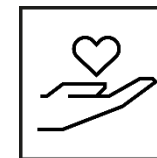

A basic two-strap full grain leather sandal completes this line with an EASY FIT Hook & Loop closing system for better adjustment in natural seasonal colours.

Set Sandal

Camaleon 1975 M's

Sport Casual

The original Camaleon was Camper's first shoe, as well as a pioneer of Spanish casual wear, being the first to break the hierarchical social tradition of classic and serious shoes. Inspired by rustic shoes worn by local farmers, featuring crafted carriage canvas uppers and rubber outsoles made from truck tires, Camaleon quickly became a casual urban footwear icon.

Camaleon 1975, the revisited style of the original Camaleon, preserves the same honest and sustainable approach, implementing new, contemporary ingredients to bring it in line with today's styles and trends to create a modern yet classic unisex casual look.

Its vulcanized construction makes this a flexible and durable everyday shoe, complete with a high percentage of sustainable attributes including a recycled rubber outsole containing 40% natural rubber and 23% recycled rubber with natural cotton canvas uppers and recycled PET and recycled cotton linings.

This season, Camaleon 1975 is available in the iconic textile shoe and boot from S/S 2021 collection with new, refreshed natural summer textiles and bright colour options offering a range of relaxed, effortless looks with a young, playful and laid-back Mediterranean spirit.

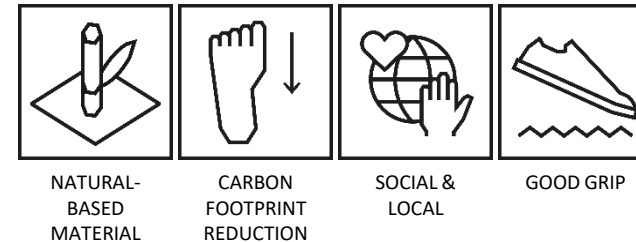

Breathable recycled cotton uppers are used across the line in both styles with new, refreshed, fun and bright monocolour options as well as a hand-crafted Mediterranean wave print option with a retro feel. As a novelty, breathable recycled hemp uppers with anti-bacterial properties are introduced in the shoe style offering a natural canvas look, resembling the original Camaleon texture in softer, natural tones.

A special edition of Camaleon in collaboration with the Ethical Fashion Initiative, made in Burkina Faso, completes the collection with a unique seasonal bi-colour tie-dye design applied on organic cotton uppers.

Casi Myra Sandal W's

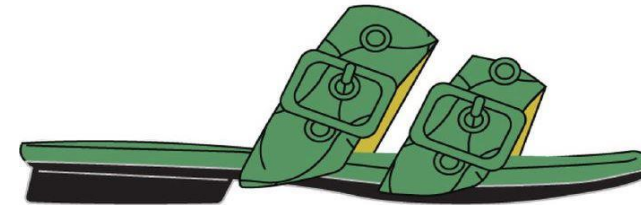

Women Only

Carry Over

As a member of the Casi family, Casi Myra Sandal offers a smart, feminine Camper approach with a distinctive, versatile volume as a key design. An open version of the Casi Myra, this basic everyday sandal features the same durable construction and recycled TPU outsole offering excellent grip coupled with a recycled Ortholite footbed for extra everyday cushioning and comfort.

This season, Casi Myra presents four styles offering a range of rich, varied summer treatments with a natural feel, inspired by traditional patterns and techniques, combined with a refreshed and unexpected colour pallet.

The basic carry-over slide sandal has been updated with breathable, recycled cotton uppers featuring a traditional Vichy pattern in unexpected, feminine seasonal colour combinations. New styles also take a natural direction featuring a mule designed using a delicate, unique weaving technique in soft, full grain leathers together with a two-strap sandal with EASY FIT, adjustable oversized buckles and extra soft, comfortable, cushioned uppers. A bright, colourful multi-strap sandal completes the collection offering a more playful summery look.

Casi Myra W's

Women Only

Carry Over

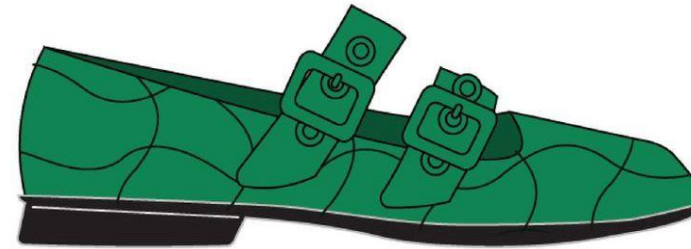

Casi Myra challenges basic typologies adding a fun twist to feminine everyday shoes whilst preserving a clean, smart and feminine look.

Offering a range of versatile looks, Casi Myra combines a highly durable construction with a recycled TPU outsole offering excellent grip whilst guaranteeing maximum all-day comfort with extra soft premium quality leathers and a cushioned recycled Ortholite footbed.

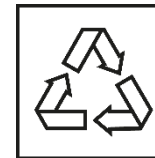

This season, the line offers a wide variety of versatile looks including the popular carry-over basic unlined ballerina from the previous S/S collection featuring extra soft, delicate leathers in seasonal colour blocks with colour contrasted interiors.

As a novelty, Casi Myra introduces three new styles packed with rich, varied summer treatments inspired by traditional techniques with refreshed and unexpected colours for a unique, contemporary look.

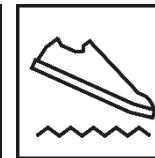

A feminine mary-jane style is introduced with EASY FIT, adjustable buckles and cushioned uppers offering an extra comfortable, soft feeling and an unexpected contemporary look in seasonal colour blocks. Two TWINS styles including a loafer and a mule style characterized by oversized weavings in bold colour combinations complete the collection including two options designed with a mirrored film base for a playful, unexpected look.

Dina W's

Women Only

Carry Over

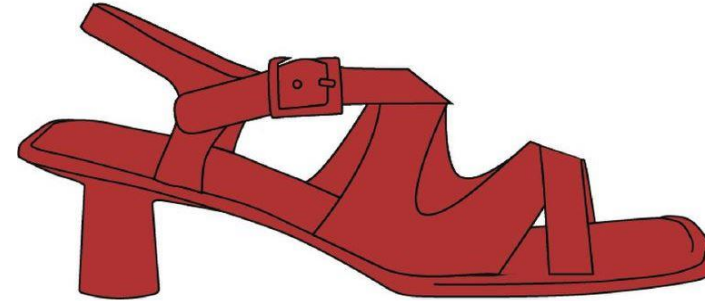

Dina, introduced for the first-time last S/S season, is a contemporary feminine summer sandal with a low heel and a strong, wide last.

Camper's design language is instantly apparent in this sandal taking classic, iconic typologies as inspiration and adding a fun, unexpected twist to create a unique contemporary look.

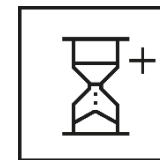

Three new full leather styles are made available this season introducing refreshed seasonal treatments with a clean, refined, monocolour approach as well as a new set of TWINS.

The first addition, an EASY FIT, slip-on mule features new, thick, premium leather uppers with a decorative Meccano inspired strap, connected to the seasonal story, along with a more refined, multi-strap soft leather sandal, both available in fresh colour options that range from neutral tones to brighter, fun and colourful options.

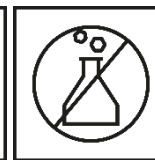

A unique TWINS option completes the collection, designed using an unexpected all-over screen-printing technique with a hand-crafted feel and a contrasted bright yellow outsole, inspired by the original Camper TWINS concept and a typical Mallorcan landscape.

Imar, Camper's original casual sailing sneaker, was first designed over 15 years ago. Inspired by the same nautical concept, a new version of the iconic Imar emerged with a younger spirit and sportier approach, in the form of Imar Copa.

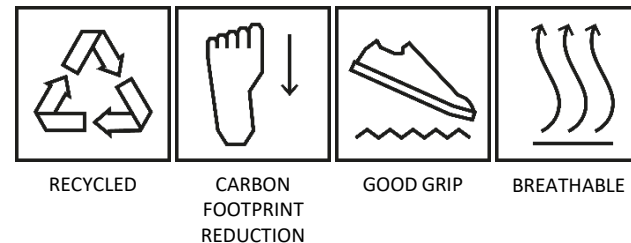

The flexible, vulcanised construction of this unisex sneaker makes it extra-durable and easy-to-wear, combined with a rubber outsole for an excellent grip and a recycled Ortholite footbed for extra cushioning and daily comfort.

This season, this everyday basic Mediterranean sneaker has been refreshed using a range of summer treatments offering a relaxed, effortless look with a young, playful and laid back spirit.

Imar Copa is available in the carry-over textile basket shoe, introducing new, fresh, breathable recycled cotton uppers across all options. A fun, colour-contrasted hand-crafted Mediterranean wave print option with a retro feel adds a twist to the line, together with two colour contrasted TWINS options. Colour options range from basic neutral tones to bright, bold summer looks

Katie Sandal W's

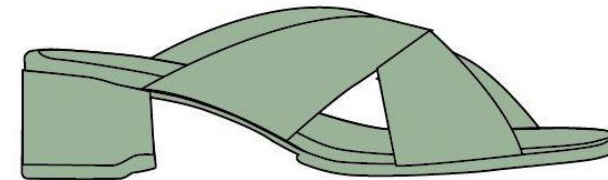

Women Only

This line translates the spirit of Katie into a sandal typology by combining the duality of an easy-going sandal with a refined character for a perfect everyday summer look.

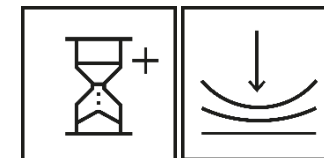

Katie Sandal plays with mono-colour blocks, and a distinctively feminine style, combined with a lightweight, extra comfortable everyday low heel making this an obvious everyday choice.

This season Katie Sandal continues with the existing two-strap sandal in soft, full grain leathers as well as a new cross-strap slip-on textile sandal with a puffed concept adding a sporty touch to the line. New, fresh, bright, summery monocolour treatments are used across the line, together with a classic black option.

Kobarah W's

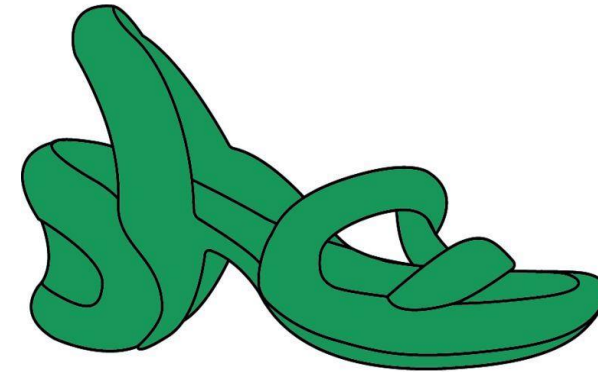

Women Only

Kobarah takes its name and inspiration from the snake species Cobra, reflecting its voluptuousness, sinuosity and endless flux. This season, Kobarah returns, preserving its original innovative design characterized by simplicity and bursting with creativity.

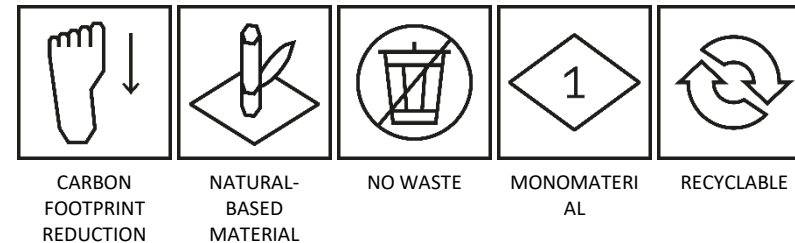

As a novelty this season, Kobarah's simplified, one-piece EVA mould features a 20% sugarcane compound moving towards a more natural direction, with a comfortable, sturdy heel that wraps around the foot in the form of extra light rounded volumes creating a unique silhouette. Based on the circular concept of made to be remade, this unique mono-material sandal is also fully recyclable, meaning that at the end of its life, it can be easily disassembled and recycled into a new material or product, avoiding the generation of waste.

Kobarah is characterized by its simple volume, ingenuity and playfulness, whilst remaining a relaxed shoe, fitting in perfectly with this season's theme. This season, Kobarah is available in three new seasonal bright and summery monocolour tones with a matte finishing.

Meda Sandal W's

Women Only

Meda Sandal, the open version of the popular mid-heel shoe, adds a breezy summer feel to the Meda family.

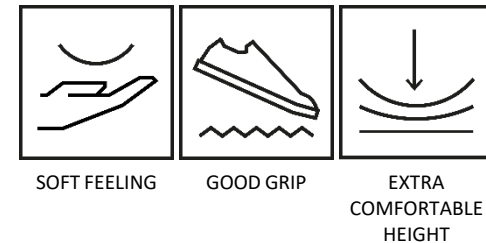

This mid-heel summer basic combines a durable construction with a recycled rubber outsole for an extra comfortable, lightweight feel, gentle on the skin chrome-free linings and a cushioned recycled Ortholite footbed, making this an ideal everyday choice this summer.

This season, the line has been refreshed using a range of natural, rich, summer treatments, introducing four new styles offering a variety of versatile looks.

A low-performance textile strap sandal offers a natural feel in two looks; a breathable, recycled cotton and recycled PET all-over revisited traditional Vichy print in unexpected seasonal colour combinations, together with breathable recycled hemp options with gentle, skin caring properties in natural monocolour tones. Three soft, full grain leather styles with a summery monocolour approach are also introduced including a leather version of the textile strap sandal, an asymmetric mule with a fine, buckled strap for better adjustment and a basic multi-strap sandal featuring multiple buckles, adding a playful twist. Two TWINS options of the multi-strap sandal style complete the line featuring a neutral black and white base with random, multi-coloured straps offering a fun, bright and unexpected summer look.

Minikaah W's

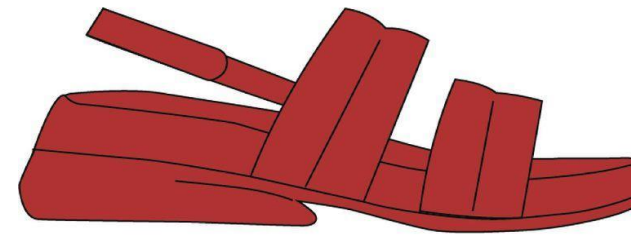

Women Only

Carry Over

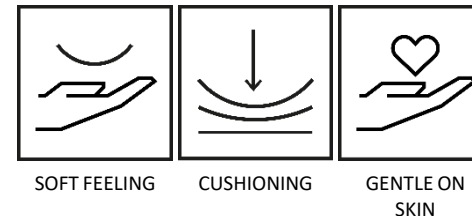

Minikaah, Kaah's little sister returns to the women-only collection this season, introducing refreshed seasonal monocolour treatments, adding a fun, summery feel to the collection.

Featuring a feminine mini-wedge with a refined silhouette, this everyday sandal stands out due to its extraordinary comfort, with an anatomical design that fits perfectly around the foot, making it an essential choice this summer. Chrome-free linings provide skin with an extra soft feeling together with a cushioned recycled Ortholite footbed and a rubber heel for extra grip and everyday comfort.

This season, Minikaah continues with the carry-over full grain leather multi-strap sandal with an adjustable buckle strap and introduces two new styles; a basic two-strap sandal and a slingback, both featuring a new, soft, cushioned recycled textile with an EASY FIT Hook & Loop closing system offering a sporty, feminine look whilst guaranteeing maximum everyday comfort. Seasonal monocolours are used across the line ranging from neutral tones to brighter, summery looks.

Nothing M's

Sport Casual

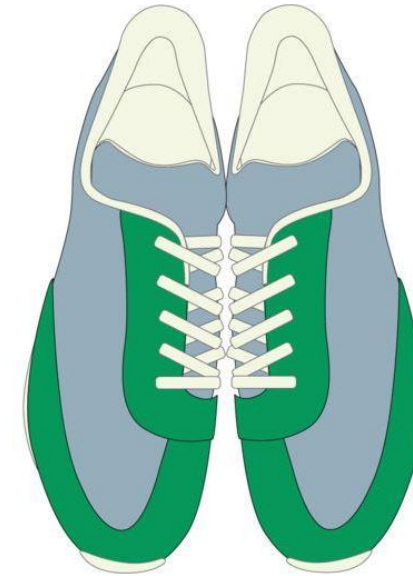

Everything great started from Nothing. This low-profile hybrid sneaker with a classic running silhouette and a toothed outsole is bursting with character, offering a natural, unique sporty look.

This relaxed, retro sneaker with a flexible, lightweight feel combining premium leathers and extra soft textile and chrome-free linings, has been especially designed to mimic the feeling of being barefoot, making it a perfect summer sneaker.

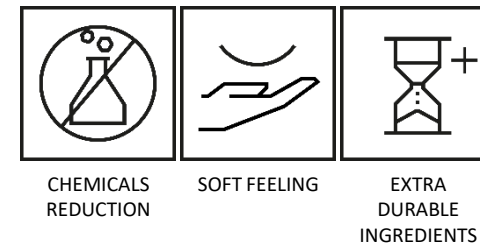

This season, Nothing introduces a brand-new style, inspired by a revisited TWINS concept taken from the Camper archive which was originally applied to classic typologies. This original Camper concept has now been transformed to a sneaker typology for the first time, where a playful asymmetric design is used, unexpectedly featuring laces on the side of the shoe. This unexpected, fun design was originally thought out so that each foot would resemble one half of the shoe, and when joined together, it would make up the full shoe.

Two unisex options are made available mixing soft, full grain and suede leathers, including a non-dyed leather option offering a range of skin caring properties. Options include a full white option and a bold, summery colour contrasted option, combining light blue and green tones.

Pelotas Ariel M's

Sport Casual

Carry Over

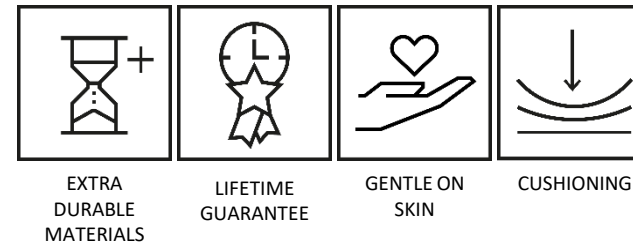

Pelotas Ariel, one of Camper's most emblematic shoes, inspired by the passion and imagination of sports pioneers and traditional English hand-stitched leather footballs, continues to grow its outstanding quality exponentially over the years. Highlighting its premium quality materials and durable construction, this iconic shoe comes with a lifetime guarantee.

Featuring a timeless design, Pelotas Ariel retains its recognizable and iconic 87 ball rubber outsole providing extraordinary cushioning and comfort, whilst offering a unique and distinctive look, combined with natural, soft, premium leathers and as a novelty this season, chrome-free leather and bamboo linings with skin caring properties.

This season, this natural Camper icon comes in the carry-over classic 'Football' style ranging from smarter looks featuring classic full grain and chrome-free leather uppers to more casual waxy suede looks, with two brand-new suede colour options including a natural brown tone and a brighter summery yellow option. The popular 'Tireta' shoe completes the collection in a carry-over classic brown tone.

Pelotas XLF

Pelotas Ariel W's

Sport Casual

Pelotas Ariel, one of Camper's most emblematic shoes, inspired by the passion and imagination of sports pioneers and traditional English hand-stitched leather footballs, continues to grow its outstanding quality exponentially over the years. Highlighting its premium quality materials and durable construction, this iconic shoe comes with a lifetime guarantee.

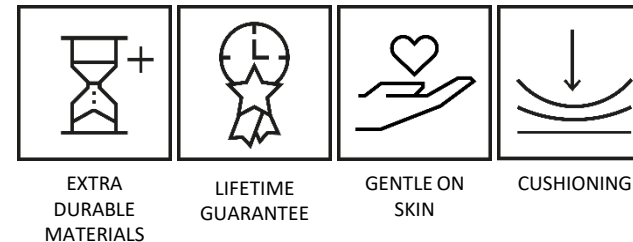

Featuring a timeless design, Pelotas Ariel retains its recognizable and iconic 87 ball rubber outsole providing extraordinary cushioning and comfort, whilst offering a unique and distinctive look, combined with natural, soft, premium leathers and as a novelty this season, chrome-free leather and bamboo linings with skin caring properties.

This season, this natural Camper icon comes in the carry-over classic 'Football' style ranging from smarter looks featuring classic full grain and chrome-free leather uppers to more casual waxy suede looks, with two brand-new suede colour options including a natural brown tone and a brighter summery yellow option. The popular 'Tireta' shoe completes the collection in a carry-over classic brown tone.

Peu Stadium M's

Sport Casual

Carry Over

The original Peu was conceived as a simple leather shoe with a wider than usual, ergonomic last. With a simple, modest and unpretentious spirit, Peu was designed for city use whilst preserving a sustainable soul.

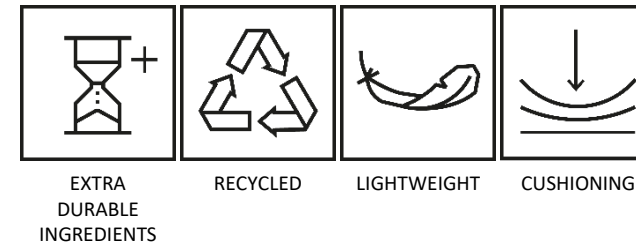

Peu Stadium, inspired by the original Peu concept, preserves its simplicity and ergonomic and sustainable qualities. As a reinvented version of the iconic Peu Cami with a modern twist, this unisex line is characterized by a bolder volume offering an unexpected and daring, contemporary look.

Peu Stadium stands out for its extraordinary comfort and sustainable soul, featuring premium leathers and recycled textiles, a last inspired by the foot's natural shape, combined with a chunky yet lightweight, recycled EVA outsole, 100% recycled PET linings and 70% recycled PET easy-wear elastic laces.

This season, Peu Stadium offers a range of clean looks including the soft, premium leather classic basket shoe, introducing a brand-new monocolour non-dyed leather option with skin caring properties as well as a natural seasonal bi-colour option. A new, multi-material, easy-fit semi-open sandal with a sporty look completes the collection with a neutral monocolour approach, mixing recycled PET webbings, organic cotton and premium leather uppers with a Hook & Loop closing system for maximum summer comfort.

Right Nina W's

Smart Casual

Carry Over

Camper's iconic Right Nina offers a distinct alternative to ordinary ballerinas with a minimalistic, simple yet fun design.

Right Nina's classic Glove construction provides extra flexibility combined with easy-fit elastic straps, premium, soft, full grain leathers combined with gentle chrome-free and coffee yarn linings options and a cushioned EVA footbed for outstanding comfort and support, making this shoe an essential everyday choice for women.

This season, this versatile, casual smart basic is available in classic carry-over styles featuring updated bright and feminine colour options, as well as a variety of new, refreshed styles with a more contemporary approach.

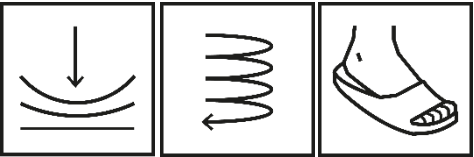

New unlined styles offer a contemporary summer refreshment including two ballerina styles featuring extremely soft leathers that mould perfectly around the foot: a more basic style with bright contrasting interiors and outsoles in some options, and a style featuring characteristic pleats, adding character in monocolour seasonal tones. A mary-jane style complete with easy fit Hook & Loop closing systems is introduced including basic colour options with contrasting interiors and outsoles, as well as two natural options with a strong connection to the seasonal story, featuring a recycled PET all over interpretation of the traditional Vichy pattern in bold colour combinations for an unexpected, unique contemporary summer look.

A new, premium tencel mesh version of the easy-fit mary-jane style is also made available offering an extra soft, gentle feeling and maximum breathability, adding a refreshed, natural, sporty feminine feel to the line. A new, monocolour cross-strap basic leather sandal featuring easy fit elastics is made available as well as a TWINS multi-coloured version, adding a playful, summery touch to the line.

Finally, a new TWINS loafer style completes the collection with a strong connection to the seasonal Meccano story, inspired by classic typologies with a unique, unexpected twist, featuring seasonal base tones with multiple multicoloured, delicate Meccano pieces, offering a smart look with a twist.

Runner Four M's

Sport Casual

Runner Four is inspired by Runner, one of Camper's first shoes. This member of the Camper family was born in 1982 as an everyday shoe with a clear purpose - a shoe that can be worn before and after sport.

Today's Runner stays true to its origins with updated technical improvements including a flexible construction combined with a 360° stitched EVA outsole offering durability and an extraordinarily lightweight feel. This urban sneaker integrates recycled PET linings and a recycled Ortholite footbed for extraordinary cushioning and comfort.

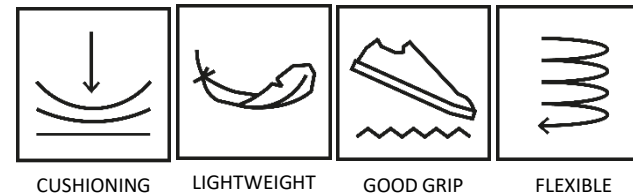

This season, Runner Four is available in carry over styles featuring new, seasonal treatments including the introduction of new, natural leathers offering a range of bright, fun and colourful contemporary colour block sneakers offering easy, everyday summer looks.

As a novelty this season, a new recycled leather TWINS option is introduced in the classic basket shoe style featuring a characteristic multi-coloured paint splash offering a unique, natural look. A new, full leather oxford shoe style is made available offering a retro look in neutral monocolour and bright bi-colour options. A new, semi-lined boat-shoe typology is also presented featuring fresh, breathable recycled cotton uppers for a smarter, casual summer look. Two leather TWINS basket shoe options complete the collection this season with a strong connection to the seasonal story, featuring a playful Meccano game where the multi-coloured leather Meccano pieces can be applied or removed, offering an unexpected fun twist.

Runner K21

Runner K21 M's

Sport Casual

Carry Over

Runner K21 is the latest addition to the Runner family, inspired by the original Runner from the Camper archive. This retro-inspired unisex sneaker with a contemporary approach and a craft touch features a new, higher profile with an increased volume, keeping in line with current trends whilst retaining Camper's unique identity.

This urban sneaker boasts a flexible construction with a brand-new natural, lightweight sugarcane EVA outsole, combined with soft materials, recycled PET linings and a cushioned Ortholite footbed for all-round extraordinary everyday comfort.

This season, the line expands, introducing a range of new, summer treatments and textiles, ranging from natural, clean looks, to bright, playful and sporty looks.

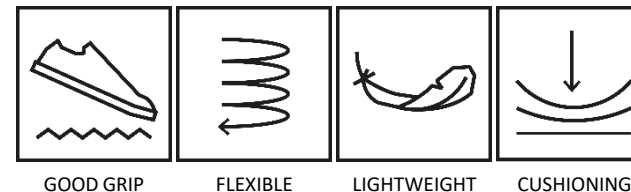

The carry over basic bridge style has been refreshed with new seasonal colours, including a full white monocolour non-dyed leather option with skin caring properties, along with a brand-new, semi-lined sneaker boot version featuring extremely soft leathers in bold, seasonal colour combinations. A brand-new sneaker with a retro look is also introduced, taking inspiration from the Camper Archive, based on the most characteristic style in the Runner Family history, featuring a clean shape with a monocolour approach and minimum bright highlights.

A new textile version of the basic sneaker is presented for the first time, featuring recycled PET uppers in a range of bold, bright colour combinations, offering a fresh, sporty, summer look.

Completing the collection, an extra soft basket shoe style with a natural approach, is introduced for the first time this season, featuring a new, innovative, plant-based material with gentle, skin caring properties in neutral, monocolour tones for a unique, natural look.

Runner Up

Runner Up W's

Sport Casual

Carry Over

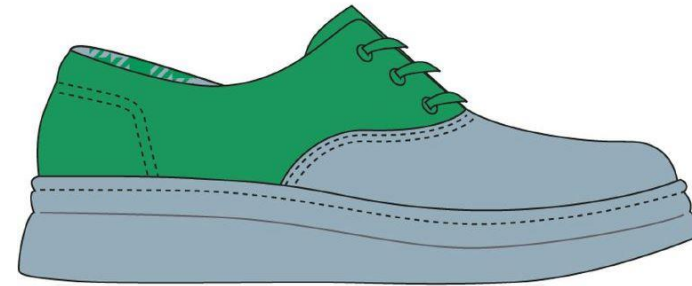

Runner Up is the feminine interpretation of the Runner Four with a sporty platform that redefines feminine silhouettes and is a true essential for any wardrobe.

This versatile, feminine urban sneaker stays true to its origins with updated technical improvements including a flexible construction combined with a 360° stitched EVA outsole offering durability and an extraordinarily lightweight feel. This urban sneaker integrates recycled PET linings and an Ortholite footbed for added cushioning and comfort.

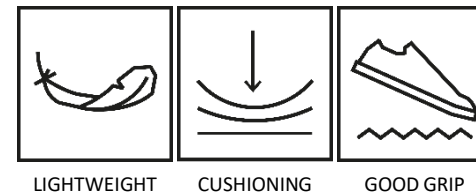

This season, Runner Up is available in the carry-over classic unlined basket shoe style, in a range of refreshed seasonal treatments and natural, rich summer textiles, featuring a feminine summer palette that ranges from soft, pastel tones, to brighter summer looks.

As a novelty this season, Runner Up is available in full textile, including a range of recycled cotton uppers options, with a strong connection to the seasonal story, featuring an all-over print inspired by the traditional Vichy pattern, in a variety of bold, unexpected colour combinations, offering a unique contemporary look.

A new, full leather oxford shoe style is also introduced, adding a retro look to the line, in neutral monocolour and bright bi-colour options, accompanied by a new, rugged suede option in bold, summery tones. A recycled leather TWINS option completes the collection featuring a characteristic multi-coloured paint splash offering a unique, natural look.

Set Sandal M's

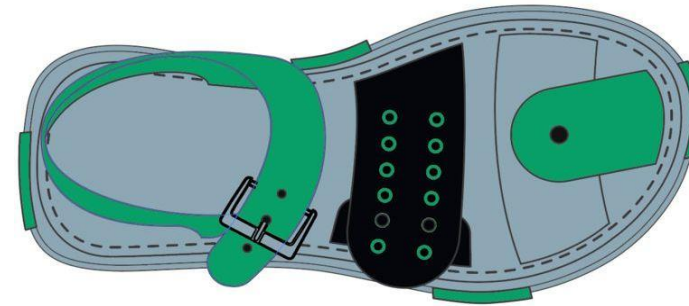

Sport Casual

New

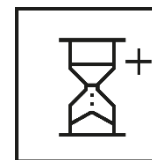

‘Set’, meaning to put, lay or stand something in a specific place or position, is Camper’s brand-new technical unisex sandal, with a strong connection to the seasonal Meccano concept involving multiple pieces connected together to create a unique design.

Set’s construction represents a playful Meccano game, designed using an array of different materials and shapes, including premium leathers, recycled PET webbings and rubber pieces, assembled in a collage-format to create a lightweight, easy fit smart sports sandal that combines several typologies in one. Its unexpected, characteristic recycled EVA and rubber outsole offers an enhanced grip with an unexpected look featuring bold Meccano pieces fitted together. Hook & Loop closing systems for easy fit are combined with a premium chrome-free leather lined footbed for maximum summer comfort.

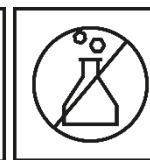

Two styles are introduced this season; a more basic two-strap style including a multi-coloured TWINS option, and a smarter three-strap style inspired by the seasonal Meccano story with east fit functional Meccano details, complete with a leather toe strap for extra protection in a range of summery, sophisticated colour options.

Wabi Hamaca M's

Natural Casual

Carry Over

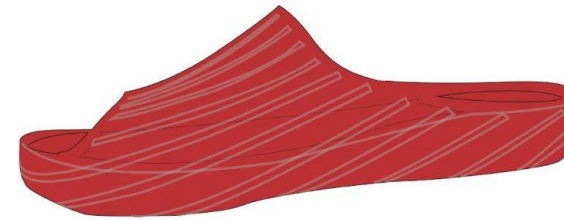

Wabi Hamaca is the iconic Wabi's slide sandal style.

Wabi was Camper's first truly ecological and ethical shoe. Originally conceived as a shoe that is healthy for people and clean for the planet, it responds to the challenge of reducing the component parts of a shoe to the bare minimum, creating footwear with the possible environmental impact.

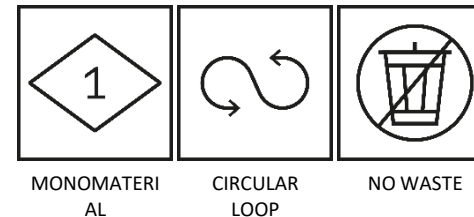

Inspired by Japanese minimalism, this one-piece sandal features an ergonomic and simple design. Wabi Hamaca has been developed with a lower carbon footprint due to its monomaterial simplified process guaranteeing zero waste in material consumption and allowing for the material to be used for the production of new outsoles in the collection.

This recycled sandal has been developed with a foot-shaped construction making it flexible and easy-to-wear with the recycled rubber outsole providing extra grip and comfort for everyday use. Wabi Hamaca is designed for all ages and to be worn both indoors and outdoors.

This summer, Wabi Hamaca comes in new seasonal monocolour tones including black, white and Camper's characteristic red colour. Two footbed choices are available for each option; one featuring a cushioned PU footbed and another one with a tatami footbed offering a more natural, craft look.

Wabi Sombilla W's

Natural Casual

Carry Over

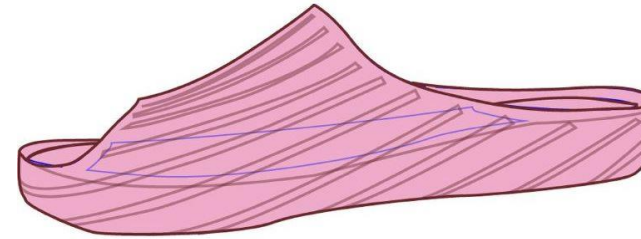

Wabi Hamaca is the iconic Wabi's slide sandal style.

Wabi was Camper's first truly ecological and ethical shoe. Originally conceived as a shoe that is healthy for people and clean for the planet, it responds to the challenge of reducing the component parts of a shoe to the bare minimum, creating footwear with the possible environmental impact.

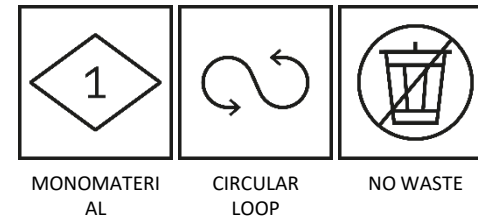

Inspired by Japanese minimalism, this one-piece sandal features an ergonomic and simple design. Wabi Hamaca has been developed with a lower carbon footprint due to its monomaterial simplified process guaranteeing zero waste in material consumption and allowing for the material to be used for the production of new outsoles in the collection.

This recycled sandal has been developed with a foot-shaped construction making it flexible and easy-to-wear with the recycled rubber outsole providing extra grip and comfort for everyday use. Wabi Hamaca is designed for all ages and to be worn both indoors and outdoors.

This summer, Wabi Hamaca comes in new seasonal monocolour tones including black, white and Camper's characteristic red colour. Two footbed choices are available for each option; one featuring a cushioned PU footbed and another one with a tatami footbed offering a more natural, craft look.

Wabi M's

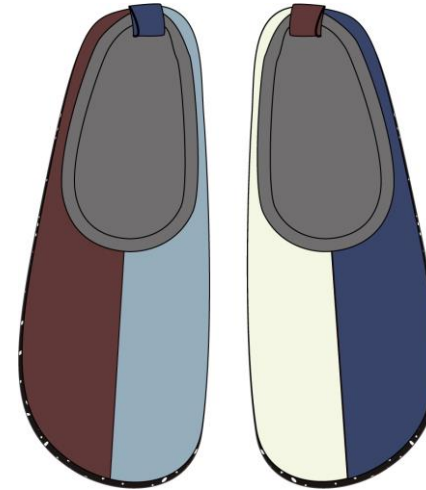

Natural Casual

Wabi represents a long-term study into sustainable footwear production, with the challenge of reducing the component parts of a shoe to the bare minimum, creating footwear with the least possible environmental impact.

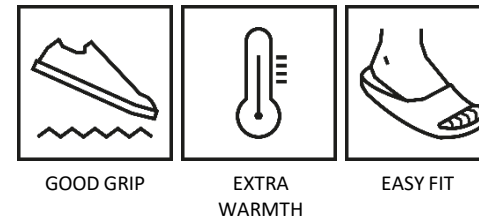

The foot-shaped construction of the Wabi makes it an easy-to-wear shoe combined with a recycled rubber outsole offering a good grip and tweed uppers and linings providing feet with a warm, cosy feeling and all-day comfort.

This season, this natural slipper is available in two playful unisex Twins styles, including an asymmetric multi-coloured option featuring bright, bold seasonal tones and a style with a strong connection to the seasonal story, featuring a playful Meccano print in two colour contrasted options.

Wabi Sombrilla

Wagon M's

Smart Casual

New

Wagon is a brand-new, everyday smart summer shoe for men with a relaxed, natural spirit and a classic, yet contemporary volume.

This simple, lightweight and flexible semi-lined shoe stands out due to its natural and sustainable ingredients, including a natural sugarcane EVA outsole with a characteristic rubber welt, combined with extremely soft, premium leathers, gentle, chrome-free linings and a cushioned recycled Ortholite footbed for maximum comfort.

This season, Wagon is available in three styles, including a classic derby shoe and a desert boot featuring soft, full grain leathers, accompanied by a more contemporary textile style in new, breathable recycled hemp and recycled cotton options, offering a natural, relaxed summer look. Colour options range from more neutral looks to options with a touch of colour, including bright, contrasting outsoles in some options.

Walden M's

Smart Casual

Carry Over

Walden is a smart, unisex line with a strong personality, taking its name from the book with the same name by transcendentalist Henry David Thoreau. The book is a reflection upon simple living in natural surroundings and is connected to the pre-existing Wildlife line.

Designed with a selection of premium leathers with a sturdy rubber outsole, this timeless, yet unconventional smart shoe is designed to offer outstanding comfort featuring gentle chrome-free and recycled PET linings as well as a cushioned recycled Ortholite footbed.

This season, Walden is available in carry-over styles featuring premium full grain and classic shiny leathers in unexpected bold colour combinations, adding a fun twist to classic typologies. The existing loafer style is available in seasonal colour-contrasted tones, as well as a bold, unexpected, derby shoe TWINS style, featuring a mosaic-like multi-coloured design combining bright and neutral seasonal tones.
