Trench Nouveau Men.

EURO 350
SEK 3.800
DKK 2.600

This is Tenson's contemporary take on the classic timeless trench coat – the Trench Nouveau, which embodies a simplistic functionality as well as elegance and versatility. Made in 100% recycled polyester powered with Tenson's proprietary MPC Extreme technology, taped seams and water-repellent zippers - making it wind and waterproof with a PFC-free water-repellent surfa-

Trivia: Did you know that the khaki colored trench coat was originally developed for the British Army officers before the First World War, becoming popular while used in the trenches. It was originally made from gabardine made waterproof by using lanolin before weaving. Today it is powered with Tenson's waterproof proprietary MPC technology keeping you dry and comfortable all year around no matter the weather.

Shift Coat Men.

EURO **230**
SEK **2.500**
DKK **1.700**

The Shift Collection is designed and developed to seamlessly transition you from summer to autumn when the weather is often unpredictable. The Shift Coat is a classic lined padded stylish raincoat for men powered with Tenson's proprietary MPC technology (WP 5.000mm / MP 5.000 g/m2/24h) with taped seams which combines extremely effective waterproofing with exceptional breathability to keep you comfortable no matter the weather conditions.

The coat has a fully-adjustable hood and a high collar to keep the wind away from the neck. All of the seams are taped and the zipper is water resistant which helps keep you dry in the rain. This coat is lined with recycled AirPush Insulate™ polyester padding for extra warmth. There are two pockets at the front, both with zippers, where you can store important items like your phone and wallet without worrying about losing them. It has a zipped inside pocket. Wear it about town and / or out in nature. Comes with a PFC free water-repellent finish.

Mountain Anorak 55 Men / Unisex.

EURO 200
SEK 2.200
DKK 1.500

A Tenson icon - a unisex anorak that's adjustable at the waist, cuffs and hood to ensure a perfect fit. It has good ventilation and is both wind and water resistant to provide protection in all types of weather. It's crafted in EcoTrek™, 65% recycled polyester and 35% organic soft cotton. The original version of the Mountain Anorak 55 was launched in 1955 and took part in the Norwegian expedition of 1971 to the summit of Huagoruncho, a 5.800+ meter high peak in the Chilean Andes.

In addition to the large kangaroo pocket at the front it has two zippered front pockets. A stylish anorak that you can easily pull over your head thanks to the well thought of side zipper construction. The Mountain Anorak 55 is stylish enough to wear around town and practical enough to bring on your next expedition.

Cliff Jacket Men.

EURO 170
SEK 1.800
DKK 1.300

The Cliff Jacket is a timeless lifestyle wardrobe staple made to be worn around town as well as your everyday outdoor activities. It's made of 100% recycled polyester and powered with Tenson's proprietary MPC Extreme membrane technology (WP 10.000 mm / MP 10.000 g/m2/24h) which combines very effective waterproofing with exceptional breathability.

Comes with a hood that can be adjusted vertically and horizontally and is easy to remove when it's not needed. Sleeves and waist can be adjusted to achieve a perfect fit. To ensure maximum freedom of movement, the arms are articulated so they don't ride up at full stretch. Features an inner pocket and two zipped front pockets. Comes with a PFC free water-repellent finish and E-dye Polyester lining.

AirPush™
Insulate

Tenson's AirPush™ Insulate offers lightweight, voluminous insulation for cold-weather conditions. The featherless padding is designed to provide excellent breathability, moisture transport and movement making it ideal for the super-active outdoor adventure traveler.

Tenson AirPush™ is a lightweight microfibre technology focused on improving breathability, suitable for strenuous activities which require maximum comfort and breathability along with wind and water resistance. Made possible by the high density of the fabric (+30% higher than conventional fabrics).

Tenson
AirPush™

Tenson
Power
Comfort™

Tenson's Power Comfort™ Insulate offers lightweight, voluminous insulation for cold-weather conditions. The featherless padding is designed to provide excellent breathability, moisture transport and movement.

TENSON TECHNOLOGIES.

Waterproof. Windproof. Breathable. = MPC™.

We've got your back in terms of function and laminate! We've been on a quest to withstand wind and water since the early 1980s when we at Tenson launched our self-developed MPC (Moisture Permeability Coating) laminate that keeps you dry and comfortable.

Tenson's MPC technology: developed to withstand wind and water since the early 1980's keeping you dry and comfortable no matter what weather mother nature might throw at you.

The MPC laminate causes the rainwater to drain off the garment. At the same time, the condensation / moisture that comes from the body is transported into and through the garment. In other words, MPC allows the garment to "breathe" so it feels comfortable to wear even during demanding activity. Our MPC garments also are taped at seams to add additional wind- and waterproof protection. Tenson MPC features four performance grades - MPC Extreme X™, MPC Extreme™, MPC Plus and MPC.
