## *What we love, cherish and work for.*

Traditional craftsmanship and the quality it represents are highly valued by Ester Design and are central to everything we do.

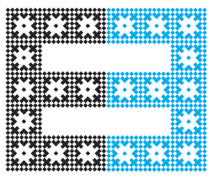

We work closely with our producers - small studios in the Estonian countryside - to develop our designs.

The result: classic, yet contemporary high quality designs made from 100 % pure wool.

This is our contribution to sustainability, this is our way of minimising our ecological footprint.

## *Business or weekend? Work or casual?*

We don't care - we just want to feel good and look stylish.

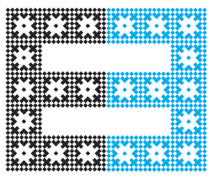

Working with high quality materials and highly professional craftsmen, we have designed an exclusive collection of cardigans and accessories for everyday life.

We love everything that makes everyday life a little bit easier. Our collection of cardigans and accessories are part of that, because.....:

- Quality never goes out of style and is always right.
- Classic patterns never go out of style and are always right.
- Designs made for modern life, which are at the same time comfortable and stylish, are always right.

*Pure wool is perfect for functional wear.*

It works! That pure wool keeps you warm and dry is not news.  
We've only rediscovered it!  
And good design works for everyone, whatever their age.

*Look!*

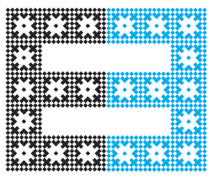

We have designed a cardigan with a collar for those who love to spend time outdoors. Higher at the back for warmth, lower at the front for freedom of movement.

Warm pockets for cold days

*Ester outdoor, week-end or whatever!*

*We believe in slow fashion.*

Naturally we like the concept of slow fashion since it is what what we are all about – everyday garments of the highest quality, made by specialist local crafters that are well known to us.

With details that stand out they make us feel good and look stylish.

## Blankets

Blankets that will keep you warm and cosy for many years.

*Look!*

Pure wool is resistant to liquids. So if there's an accident, just wipe the stain off!

Or if necessary, simply machine wash.

And for parents to let their children be children.

*Look!*

No pom-pom. A simple loop makes it easy to hang.
