

A GALLERY OF THE CONTEMPORARY WOMAN

In a quiet gallery filled with sculptural works by a renowned Danish artist, the Main Autumn 2026 collection unfolds. Here, the essence of Soaked's design DNA becomes clear: a commitment to creating interesting expressions, tactile experiences, and pieces that invite both touch and interpretation. The same qualities that captivate us in art and design inspire us deeply as we shape our collections.

This season celebrates the woman who contains multitudes — culturally curious, grounded in everyday life, and always seeking beauty in form, texture and detail. One day she moves through gallery halls, absorbing creativity; the next she kneads dough with her children. Her life is a dialogue of contrasts, and Main Autumn 26 embraces them all.

The palette unfolds in deep brown, forest green and refined saffron, balanced by off-white and black. Elevated leopard and artful prints mirror the visual poetry of the sculptures surrounding her, while bold, contemporary checks — a defining trend of the moment — introduce a modern graphic energy to the collection.

Silhouettes reflect Soaked's sculptural sensibility: waist-defined blazers with architectural lines, fluid evening dresses that echo soft shadows, and confident suits shaped with precision. Tweed, bouclé cotton, satin, soft knits and leather bring texture to the forefront — a tactile language central to our brand. The modern checks reinforce this direction, adding edge and attitude to the season's tailored expressions.

Main Autumn 2026 becomes a study in form, feeling and authenticity. A collection for the woman who moves through art and everyday life with equal devotion — embracing it all with curiosity and grace.

A full-body photograph of a woman standing in a room. She has long, light brown hair and is wearing a black, long-sleeved, high-neck sweater and dark brown, shiny leather pants. She is also wearing dark brown leather loafers. She is standing on a light-colored wooden parquet floor. To her left is a white door with a rectangular panel design. To her right is a dark wooden side table with some books on it. The room has light-colored walls.
